Hitch Vision
Hitch Vision moves the dial forward in what customers expect from an RV. There’s no looking back! Hitch Vision gives the Fifth Wheel user complete confidence to back up and align their truck to Cougar’s extended hitch pin using only the built-in mirror for guidance. Dual automotive docking lights allow easy unloading and loading of camping gear day or night. Once you’ve used Hitch Vision, there’s no returning to the inconvenience of turning and straining to see or getting out of your truck to dock and unload.

Experience Hitch Vision with your new Cougar today!

Hitch Vision

Cougar’s specially designed front cap substantially improves the turning radius of our fifth wheels. You’ll be able to handle tight parking maneuvers even when attached to short bed pick-up trucks.

Cougar has a heavy-duty extended hitch pin!
