Purchasing Your RV Locally

It’s up to you where you purchase your new Alpine, but why not suggest your local dealer? Not only does it help your local economy and provide jobs, but it will also give you an opportunity to develop a service relationship with someone that will come to know you and your coach. Keep in mind, a dealer is required to provide warranty work on units they sell, but are not obligated to provide service on units bought elsewhere. Congratulations on finding the best built, best equipped, best value in the industry, and happy travels!
