SATISFACTION INDEX
AWARD WINNER
5 YEARS IN A ROW
It is our goal to give every Cougar a residential look and feel with added features that you and your family will appreciate.

- Large Bathroom Sink
- Porcelain Foot Flush Toilet
- Residential Bedroom and Bathroom Door Heights
- LED Vanity Mirror Lights
- Residential Comfort Camp III Pillow Top Mattress (Silver Label Edition)
- Unbeatable Wardrobe Storage
- Large Vanity Mirror
- Largest Picture Windows in its Class with Day and Night Shades

Designed with Your Family’s Needs in Mind
The 327RESWE has quickly become one of our most popular models. The interior boasts an abundance of storage space and its residential elegance is topped off by extra large windows (all of which open for cross ventilation).

Cougar’s one of a kind ottoman functions as a foot rest, storage area, coffee table or even as a sofa extension. Having guests? Simply slide the ottoman under the sofa and fold out the air mattress hide-a-bed for a great night’s sleep.
Part of what has made Cougar such a success over the years is our ability to incorporate customers wants and needs into a variety of floorplans. The Cougar 325SRXWE combines a garage model fifth wheel with a residential main living area. This creates the perfect unit for a variety of hobbies.

Plenty of room for golf cart, four wheeler, dirt bikes or full dressed cruiser.

14. Astro-Foil insulation barrier (R-15)
15. Upgraded residential Beauflor® resilient flooring

**Cougar Construction**

COUGAR 6 WWW.KEYSTONE-COUGAR.COM
**Hitch Vision**

Hitch Vision moves the dial forward in what customers expect from an RV. There’s no looking back!

Hitch Vision gives the fifth wheel user complete confidence to back up and align their truck to Cougar’s extended hitch pin using only the built-in mirror for guidance. Dual automotive LED docking lights, which can be controlled by the E-Z Camp Cougar Remote, allow you to load or unload camping gear day or night. (Hitch Vision also comes in handy when using the E-Z Camp Cougar Remote to raise and lower landing gear.)

Once you’ve used Hitch Vision, “there’s no looking back” to the inconvenience of turning or straining to see your fifth wheel.

---

**Max Turn Technology**

Combining focused design and unique product specifications, Max Turn Technology is the leader in optimum turn radius:

Unlike the competition, Cougar uses continuous contoured tubular steel for optimum strength and support behind the engineered tapered fiberglass front cap.

Also, Cougar is equipped with a heavy-duty extended hitch. Combined – Max Turn Technology makes turning and maneuvering a breeze.
Cougar has earned the DSI award an unprecedented 5 years in a row!

The DSI (Dealer Satisfaction Index) Award rates the level of satisfaction the dealers have in a manufacturer. It rates manufacturers in many areas such as: Product Design, Product Reliability & Quality, Warranty Support, and Parts Support.

Select Grade Cherry Wood

At Cougar we are always trying to think of new ways to add value. With the new “Cougar Cherry” cabinet doors we were the first in our class to use true select grade cherry wood on all our doors and drawers. We also use teflon spacer balls in all of our cabinet doors to prevent warping, bending and cracking.

Cougar has been zero degree tested. The Polar Package Plus allows you to camp to zero degrees without worry of your tanks or water lines freezing up.

We also add upgraded insulation to our slide-out floors to control the hot and cold exchange and unlike our competition we merge our skirt metal to the I-Beam for complete enclosure of your fifth wheel underbelly.

Control Everything with the Cougar E-Z Camp Remote

Docking Light  Landing Gear
Electric Slide Out  Electric Awning
High Emittance LED Flashlight
The Cougar Advantage

The Cougar Command Center features back-lit switches and conveniently places all of your controls in one place.

Cougar comes equipped with a black tank flush hook-up. This feature keeps the black tank clean and trouble free.

Another Cougar first: The rear storage rack provides a quick slide-away storage alternative. (N/A 276 and 325)

The Cougar docking station conveniently locates and protects your outside hook ups for quick and easy set up. Also includes battery disconnect. (FW only)

Cougar’s oversized sofa converts into a true 60” x 80” queen sized air mattress bed which is easy to inflate and deflate by an electric pump.

The exclusive “Smart Slide” free standing table slides back and forth to increase space between seating and the fixed dinette table.

Cougar comes outfitted with a battery disconnect. (FW only)

These slam baggage doors offer added security and convenience while providing better insulation.
