WINNEBAGO

INDIAN MOTOR HOMES
Designed From The Inside Out

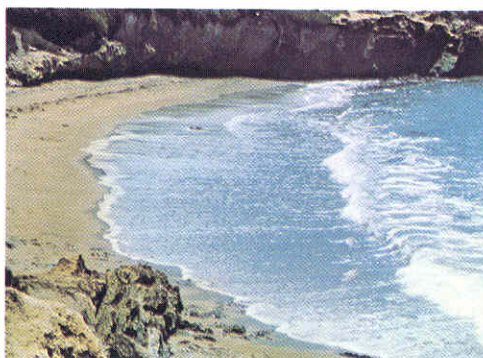

D-27 INDIAN

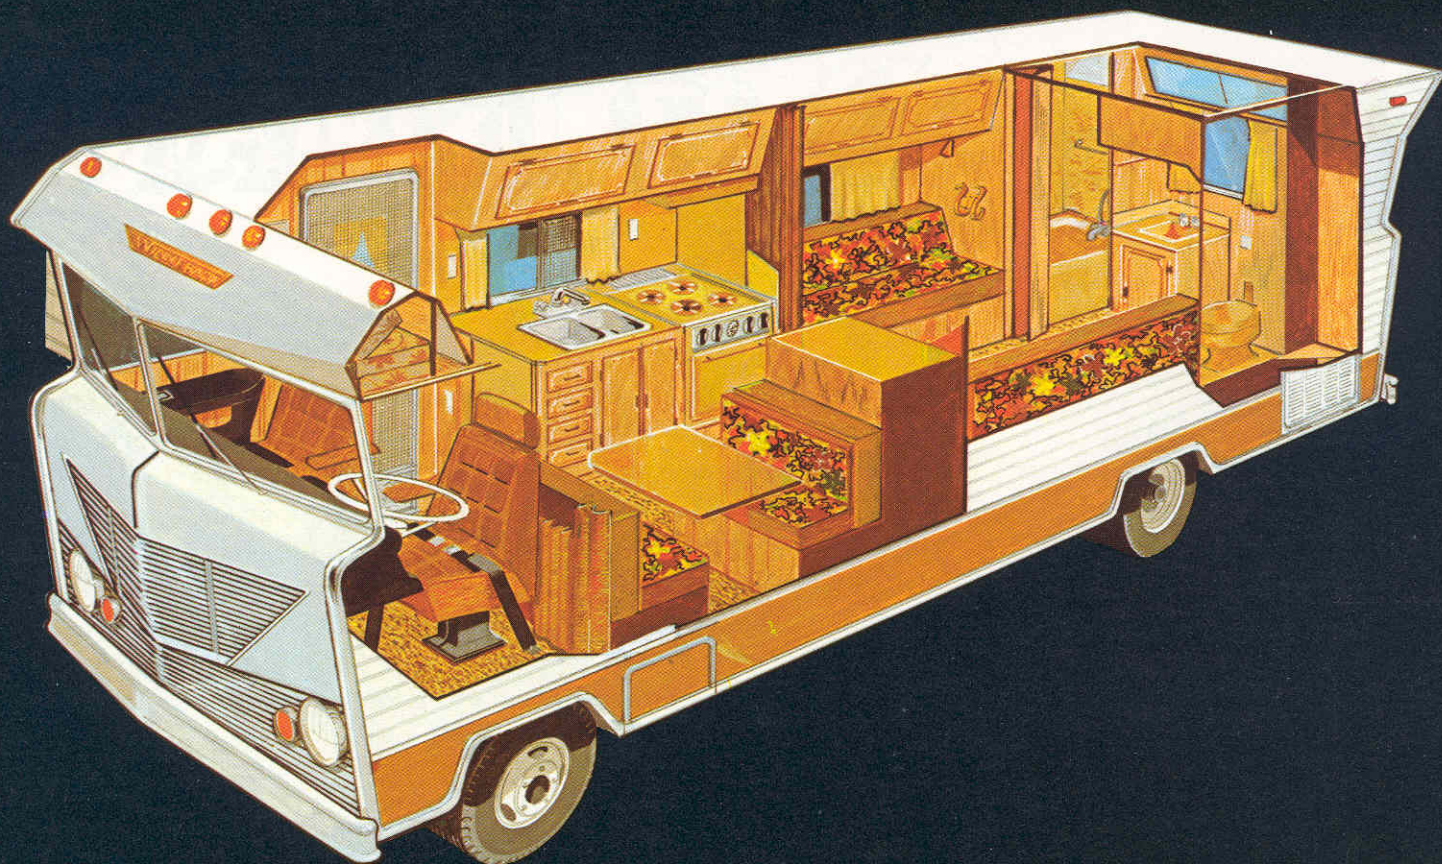

Provide a motor home with its own private bedroom. Include either fold-away double bed or twin beds with a center night stand, and twin-mounted reading lamps. Add other standard equipment items like ducted forced air heating, shower with 6 gallon automatic water heater, a 6 cu. ft. gas/electric refrigerator, and radio with rear speaker. Build in 17 ft. of overhead cabinets, 4 feet of closet width, and 6 feet of galley space countertop. Put all of this motor home convenience on a 27 foot Dodge M-375 chassis, add a big V-8 413 cubic inch engine, 3-speed automatic transmission, power steering, power brakes, dual rear wheels and you've got the Winnebago D-27 Indian.

For your year round convenience you can add an optional 2.5 KW generator and an air conditioner or a 4 KW electrical generator and double air conditioners. For extra sleeping capacity, a rear fold away bunk is available which allows you to sleep 8 comfortably; or, the D-27 can be ordered with a rear gauchio bed instead of twin beds at no extra cost.

See for yourself why the Winnebago D-27 Indian is without rival.

Length 27'; width 7'6", exterior height, 9'5"; interior height, 6'4"; curbside weight, 8,920 lbs.; fuel tank, 35 gallons; water system, 36 gallons; sleeps 6 (8 optional). Dodge M-375 chassis, 178" wheelbase, V-8 413 cu. in. engine, 3-speed automatic transmission, power steering, power brakes, dual rear wheels. Head rests, seat mounted arm rests are optional on this model. For complete optional and standard equipment see details in back of this brochure.

D-24 INDIAN

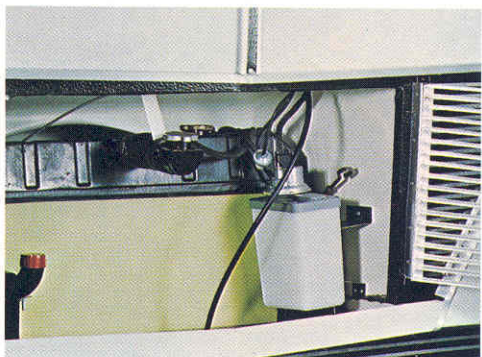

This 24' Indian model is what the "think inside" concept is all about. TRAILER LIFE Magazine once described the D-24 as... "about the biggest 24-footer we ever tested, mostly because of (its) truly excellent floor plan."

The D-24 Indian offers the most complete bathroom facilities available in motor homes today. A built-in lavatory and vanity, deluxe medicine cabinet, bath tub with push button phone head shower, dressing room, marine type toilet with 30 gallon holding tank, power roof vent, wall-to-wall carpeting, and towel racks combine to give you the utmost in comfort and convenience.

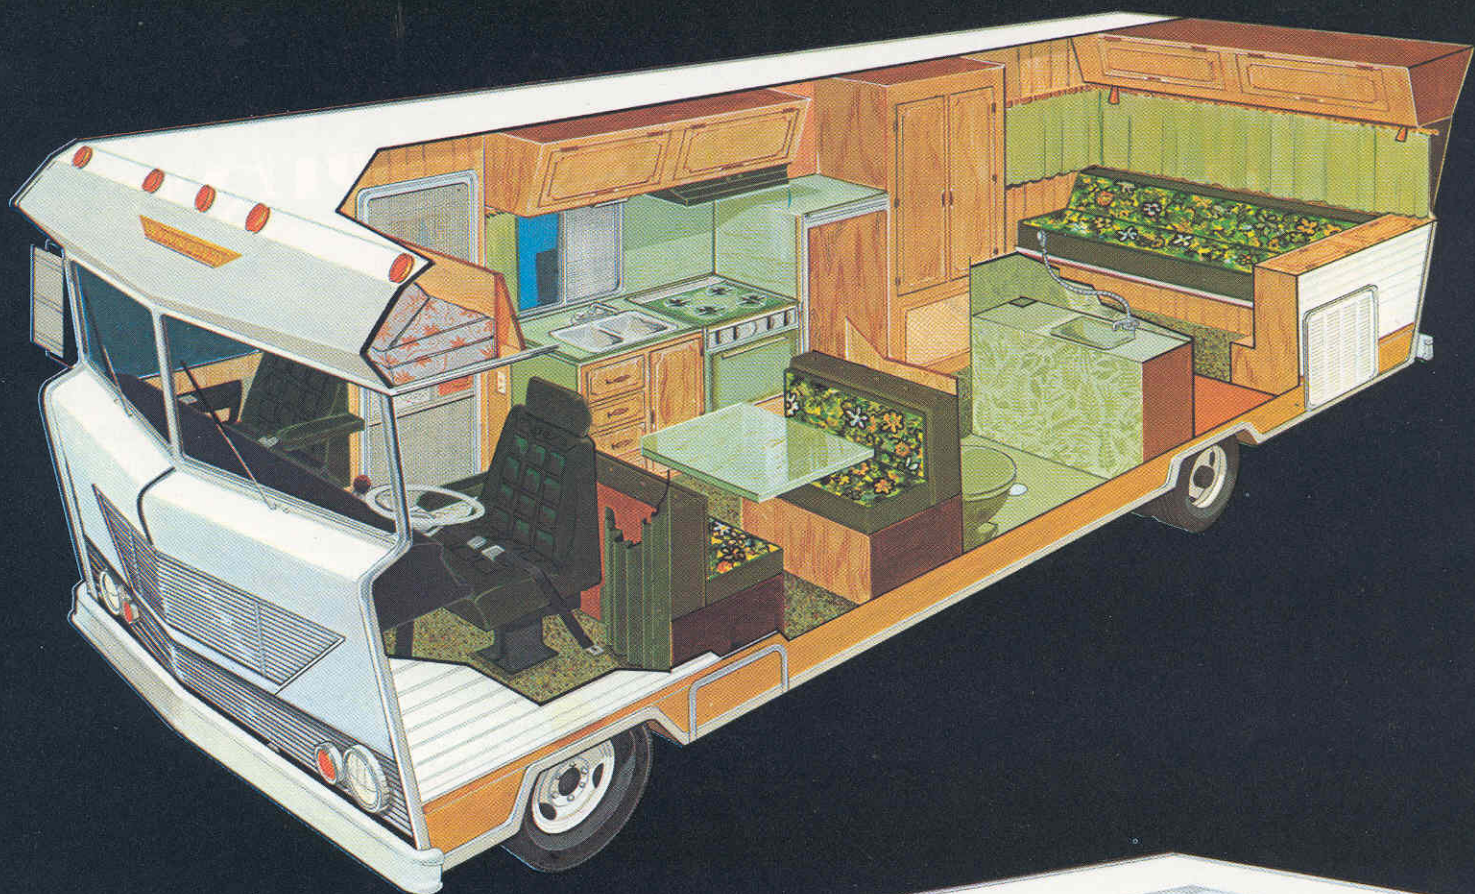

A divider curtain separates the forward living area from the sleeping area. Twin beds with 5" foam mattresses are standard equipment and, as an option, get twin bunks above the beds. With bunks 6 adults can sleep separately—and comfortably.

Other standard equipment items include exclusive Thermo-Panel* Construction, ducted forced air heating, 4-burner LP gas stove and automatic oven, plus over 24 feet of overhead cabinet space. Year round living space with unexcelled comfort features are yours as standard equipment.

Length 24'5"; width 7'6", exterior height, 9'5"; interior height, 6'4"; curbside weight, 7,880 lbs.; fuel tank 25 gallons, water system 36 gallons; sleeps 6 (8 optional); Dodge M-300 chassis, 159" wheelbase, V-8 413 cu. in. engine, 3-speed automatic transmission, power steering, power brakes, dual rear wheels. Bolsters, screen doors, head rests, seat mounted arm rests are optional on this model. For complete optional and standard equipment see details in back of this brochure.

Front end engine access for oil, water, windshield washer

D-22 INDIAN

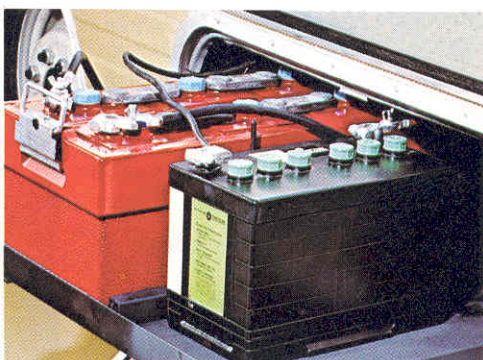

Here's a motor home accurately described as the standard of the motor home industry that more than 10 years of development and improvement have gone into making. Choose the D-22 Indian and you've selected America's best selling motor home model.

Compare these "no added cost" features as you shop for your vacation home:

The rear gaucho area extends into a 49" x 73" double bed at night. Or for you 6-footers, there's a special no-cost optional 49" x 86" bed. Get a 6 cu. ft. gas/electric refrigerator, 6 gallon water heater, forced air ducted furnace, marine toilet with 30-gallon holding tank, and power roof vent for the bathroom, all as standard equipment.

The richly appointed driving compartment offers a recessed padded dash with conveniently grouped driving instruments, a black-out curtain shields the driver for night-time travel. You'll also appreciate the easy handling of the D-22. Power steering, power brakes, 3-speed automatic transmission makes this motor home a pleasure to drive. See for yourself why this D-22 Indian is considered the standard for motor home recreation vehicles.

Length 22'2"; width 7'6"; exterior height, 9'5"; interior height, 6'4"; curbside weight, 7,270 lbs.; fuel tank capacity, 25 gallons; water system, 36 gallons; sleeps 6 (8 optional). Dodge M-300 chassis, 137" wheelbase, V-8 318 cu. in engine, 3-speed automatic transmission, power steering, power brakes. Screen door, head rests, seat mounted arm rests, are optional on this model. For complete optional and standard equipment see details in back of this brochure.

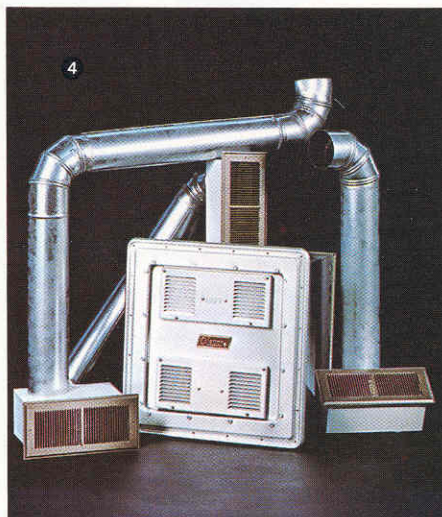

Convenient slide out battery tray with opt. 220 amp and 70 amp batteries.

WINNEBAGO®

DESIGNED FROM THE INSIDE OUT

Five times more people choose Winnebago Motor homes than any other motor home manufactured. Winnebago Industries, Inc. has become America's largest motor home builder by putting your "inside liveability" first. Our motor homes are built from the inside out providing you with more of the features you want as standard equipment.

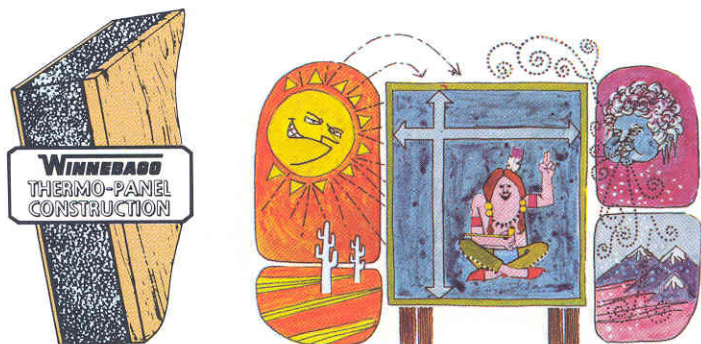

You can select your motor home from twelve distinctively different models in five different lengths. You can choose from over six unique decorator planned interiors and are offered a complete selection of functional—thoughtful—optional equipment items.

Our recreation vehicle manufacturing facilities are the largest in the world. Over 18 acres under one roof gives you more product development, more floor plan designing, and more production experience and economy than any other motor home manufacturer. Winnebago's are built better, stronger, and more economically because we have:

- Industry's largest team of dedicated, skilled craftsmen.
- Mass production efficiency.
- Component Part Manufacturing.
- Raw material buying power.
- Exclusive Thermo-Panel* Construction. Exterior pre-finished aluminum and interior paneling are sandwiched and bonded to a core of Styrofoam** brand foam insulation. It's strong and Winnebago guarantees Thermo-Panel* construction for lifetime of the motor home to the original owner.

Whether you're a young family exploring the recreation vehicle field for the first time, a retired couple with a lifetime travel dream, or the well seasoned RV owner looking to "trade up," a Winnebago Motor Home is for you. Compare; then....

THINK INSIDE! / THINK WINNEBAGO!
