# Winnie Wagon

**Weekends, it's  
a getaway machine . . .**

Your Winnie Wagon really comes into its own on weekends. For family outings and overnight trips, Winnebago engineers have built in an outstanding combination of comfort, convenience and fuel economy. Sleek aerodynamic styling and a light but strong body shell make possible impressive gas savings. You can expect an average driving range of more than 500 miles on a single fuel fill.

**Workdays it's  
your second car . . .**

Weekdays, your Winnie Wagon works hard running errands around town. Its station wagon size — a trim 19 feet — plus power brakes and steering, give you easy handling in traffic and space galore for toting kids, groceries, packages and much more.

Inside you'll find space and luxury no ordinary auto, truck or van can match. Standard furnishings provide a dinette and convertible couch, ice box, sink and 5-gallon water supply. Ample storage space includes overhead cabinets and full-length wardrobe in the standup galley area. Full carpeting, handsome upholstery and courtesy lights add a luxury touch.

Style, practicality and fun, all wrapped up in a very affordable price!

Best of all, Winnie Wagon II is a Winnebago, backed by Winnebago dependability and expert service coast-to-coast.
