

Suncruiser.
You'll know you've arrived.

Arrive in luxu

We don't compromise.
Neither should you.

Suncruiser® is very special to us. We gave it advanced technology to make it fun to drive. And luxury to make it magic to own.

The result is a motor home desirable in every respect. There are 3 models in the exclusive Suncruiser family. Each offers special features all its own, with

practical floor plans and a complete range of options enabling you to customize your Suncruiser to fit your leisure life-style.

Put yourself in a Suncruiser. Appreciate the rich interior designs. The full, spacious galley with its ample cabinets and top name appliances. Note the overall feeling of quality. And all the built-in extras that don't cost extra.

Suncruiser is responsive to today's motoring demands. With Itasca's Dual/Fuel option, you can operate on gasoline or switch to safe, economical propane gas. Since liquid propane is readily available, Dual/Fuel gives you true recreational freedom. As an extra measure of security, our LP leak tester is standard equipment.

All Suncruisers are equipped with an emergency start solenoid.

Suncruiser 22RB

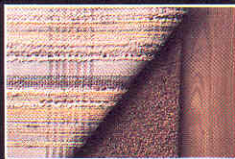

ry. Suncruiser.

It lets you use the auxiliary battery for starting, and gives you added peace of mind on the road.

Compare the uncompromising Suncruiser for yourself. It's a lot of motor home for your money.

Your family deserves the Itasca difference.
You'll know you've arrived.
