

**WINNEBAGO HAS TWO WORDS  
FOR THE REST OF THE INDUSTRY:**

# BEAT THIS.

Meet the most advanced motor home in America. The unbeatable Winnebago Warrior®.

Warrior is totally new from the ground up. Created to be the most efficient RV on the road. Designed to stretch interior space and livability to their utmost. Destined to become the motor home of the Eighties.

Perhaps its most startling accomplishment is the way Warrior has slashed unnecessary weight. Warrior is 40% lighter than comparable motor homes, making it highly maneuverable and highly fuel efficient.

Yet this remarkable, new lightweight has the drive capabilities and structural strength to pass the gauntlet of ride and handling trials of the GM test track.

The innovative Warrior is slated for dealer delivery in early 1981. We think America will agree it's well worth the wait.

**THE**  
**UNBEATABLE**  
**WINNEBAGO®**

# WARRIOR. IT BEATS ALL.

Warrior provides the interior roominess of an "A" body, while surpassing the handling and fuel efficiency of a "C" body.

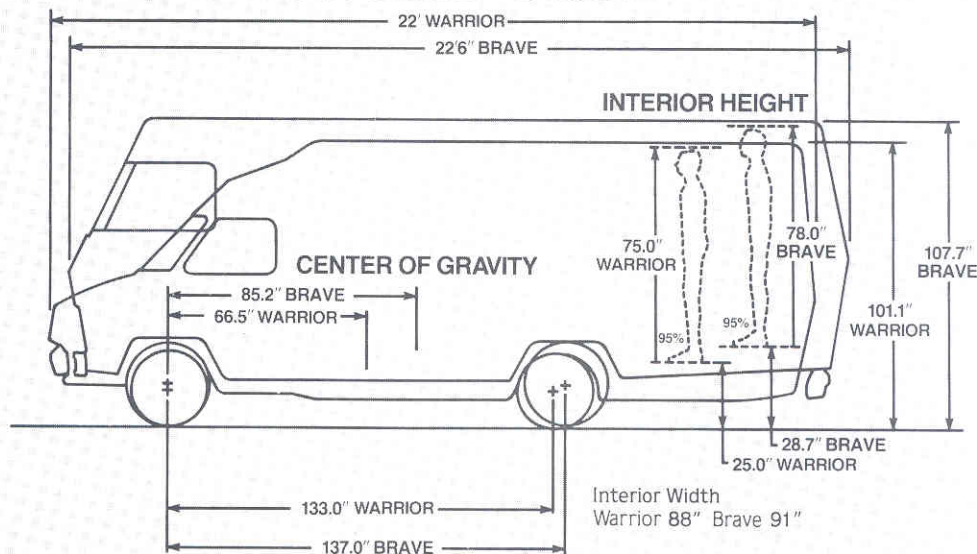

To show you how, we've compared Warrior with the Winnebago Brave®, a similarly irresistible motor home.

Warrior is more than 2,600

lbs. lighter, yet, surprisingly, it's as livable and comfortable as the Brave.

Warrior is the motor home the rest of the industry will be trying to match.

	WARRIOR	BRAVE 22RB
	lbs.	lbs.
