Superchief

The new Winnebago Superchief™ basement motor home was built from the ground up. While some other motor home manufacturers are trying to fit bus-type storage into their conventional designs, Winnebago has created a high-storage motor home that is truly integrated. So it looks like a high-storage motor home should and works like only a Winnebago could.

Minnie Winnie 319

The Minnie Winnie 319 is the first motor home to bring Winnebago's level of quality, technology and value to the micro mini class. And with your safety in mind, we have created a mini with proper weight balance and GVWR by using computer analysis. When you buy a Minnie Winnie 319, you'll own a micro that lives up to the big expectations you have for a Winnebago.
