

ITASCA PHASAR

W

happens you get when you cross a car with a motor home?

The Itasca Phasar,* that's what.

For car and van owners who want more from a vehicle than just transportation, the Phasar brings the ability to sleep four (just try that in a station wagon), a fully-equipped galley, and a bathroom with shower. It's a guesthouse on wheels, as well as a great way to transport pint-sized soccer players.

Motor home owners find in the Phasar all the benefits and conveniences of a traditional motor home, but on a nimbler, more compact scale. The Phasar deals as well with cramped supermarket parking lots as with long stretches of open road, all the while getting better gas mileage than some cars.

So whether you're a car owner looking for the extra benefits of a motor home, or a motor home owner seeking greater flexibility and economy, the Itasca Phasar will forever change your idea of just what a "car" or "motor home" is.

Itasca motor homes are supported by the vast U.S. and Canadian dealer network of Winnebago Industries.

If you should ever find yourself in the neighborhood of Forest City, Iowa—the hometown of motor homing—please stop by for a free tour of the Winnebago Industries factory. Just call (515) 582-6936 for more information.

Every Itasca owner is invited to join the Winnebago-Itasca Travelers (W.I.T.) Club. Members enjoy rallies and caravans, receive special discounts and services, make new friends and renew old acquaintances, and, of course, have the time of their lives. For more information, call W.I.T. at (515) 582-6874.

■ Efficient use of space makes the Phasar 220i a comfortable home away from home (blind colors may vary).

■ Versatility: the companion seats turn into an extra bed.

■ The sensibly laid-out dash puts all the gauges within easy sight. It includes an electronic tune/signal seeking AM/FM/cassette stereo and a handy beverage tray.

■ The dinette quickly converts to a double bed.

■ Chassis dipped in primer and sealant tanks to cleanse and rustproof

■ Every Phasar is subjected to an extensive exterior water leak test

■ Stain resistant upholstery fabrics and carpeting

■ Light, yet strong, aluminum frame around living areas

■ Meets or exceeds all applicable federal, state and RVIA safety codes

CONSTRUCTION CUTAWAY
PHASAR 220RD

■ U.L. approved LP regulator

■ Tinted and screened tip-out coach windows

■ Electrostatically painted aluminum window and door trim.

■ Light, tight and fully insulated Thermo-Panel® sidewalls

■ PVC rockguard coating applied to critical surfaces

■ Seamless water and holding tanks, strategically positioned for even weight distribution

■ Integrated bumpers

■ Non-hardening sealant throughout

■ Extra-wide, heavy duty rear axle

■ Cast alloy wheels and radial tires

■ Steel Unibody Chassis construction for strength and integrated design

■ Choice of 5-speed manual or 3-speed automatic transmissions

■ Front-wheel drive for improved efficiency, handling and ride comfort.

■ Steel cab and dash structure

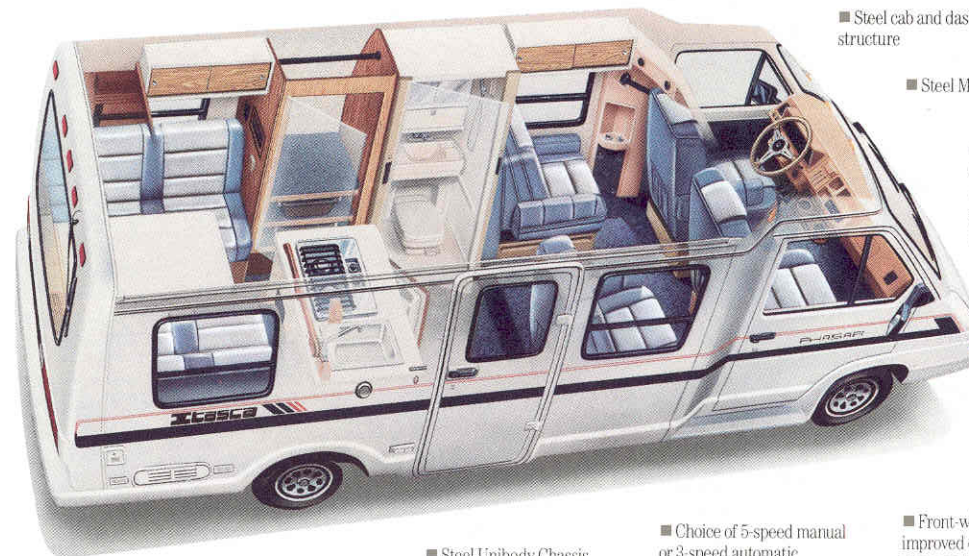

■ Steel Mounted Windshield

■ Microprocessors monitor and control the fuel injection, ignition timing and the shifting of the automatic transmission

■ Power assisted rack and pinion steering

■ Power assisted front disc/rear drum brakes.

■ MacPherson strut front suspension

■ The fully-equipped bathroom has telescoping walls to save space.

■ The complete galley features a stainless-steel sink, two-burner range and refrigerator.

■ A family car with bathroom, galley, dining room, living room, and beds for four—the 220RD.

■ The rear cap hides the spare tire and includes additional storage space under a huge window.
