TM

Introducing America's favorite new toy from Winnebago Industries and Toyota - the all-new 1991 Towe.

Family fun takes on a whole new meaning when you play with this Towe. Take off for as long as you wish without leaving the comforts of home behind. Towe is your chance to enjoy the open road like never before.

The technology that has made Winnebago Industries the number one name in motor home manufacturing is used to make the Towe a vehicle equipped to meet all your on-the-road living needs. And the price is very affordable.

Inside, you'll find a complete bathroom, kitchen, hot and cold running water and a forced air heating system. A 52" x 80" bed over the cockpit and a 42" x 67" convertible sofa/bed provide sleeping options.

Under the hood, the fuel-injected V-6 Toyota engine with overdrive transmission offers the power you want and the efficiency you need.

Best of all, the Towe can be used every day. Its compact convenience makes it

the most versatile vehicle on the road today, not to mention the most fun. And to make the Towe even easier to own, long-term financing is available to qualified buyers, assuring low monthly payments.

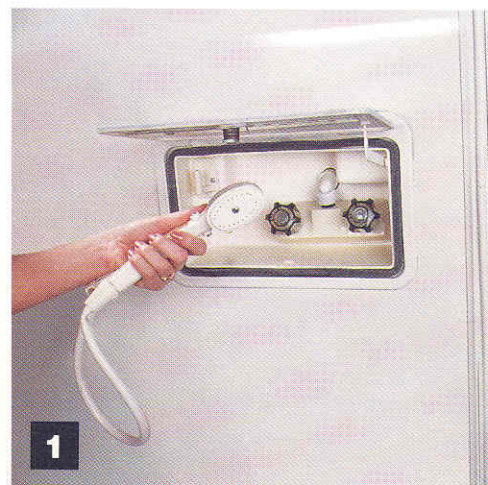

When you consider Towe's quality construction, everyday practicality, fuel-efficiency and attractive price, you'll see that it's the best motor homing value on the market. Test drive the all-new 1991 Towe today!

Take a closer look at the all-new Towe and you'll see that it's packed with features to make all your travels more comfortable and fun. Smooth fiberglass sidewalls and eye-catching graphics accent the Towe's unique design and fun styling.

- 1) A pull-out exterior shower head allows a quick rinse at the beach.
- 2) The Towe interior is efficiently laid out to give you all the comforts of home. A couch that converts to a full-size bed, a handy dinette, color-coordinated fabrics and practical vinyl flooring are included.
- 3) The private bathroom comes complete with a toilet, full-size shower, vanity with a large sink, medicine cabinet and wardrobe closet with mirrored door.
- 4) Up front, the large bed offers plenty of headroom while two side windows provide ventilation. A removable mattress section gives easy access to the comfortable driving area. Automotive air conditioning, power

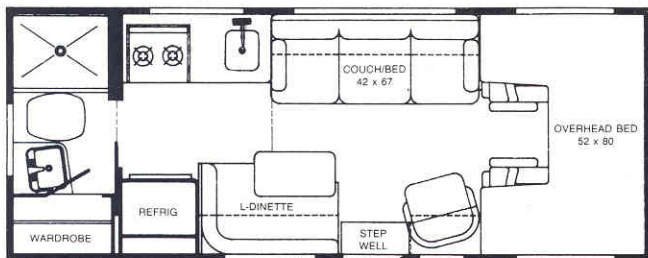

steering, cruise control and an AM/FM/cassette stereo are all standard Towe equipment.

5) The kitchen is equipped for cooking convenience with a 2-burner range top, a large refrigerator, and a stainless steel sink. There's lots of room for storage and plenty of valuable counter space too.
