## Introducing Elante. The New Motor Home Standard Of Luxury.

We proudly launch the 1992 Elante, our new, flagship Class-A motor home created to exceed your highest expectations of luxury and style. More than 30 years of RV innovation and expertise provide the foundation for this elite motor home. The Elante is the product of our experience, a combination of time-tested materials and the unique technology we have developed over the years.

The beauty of the motor home captures the eye immediately. Styled for aerodynamics as well as elegance, the streamlined body is proof that a motor home can be sleek and smart. The graceful arc of the nose, the high visibility windshield, the smoothly crowned roof, and the deeply tinted cabin windows work together to enhance the handsome exterior.

Tasteful sophistication continues throughout the interior. Our Home Comfort Design innovations assure that every amenity is designed with style, efficiency and luxury in mind. The natural beauty of the oak found in the galley flooring and cabinetry works well with each of the four elegant interior color themes available. Two exterior color options are available, each with two coordinating interior decors.

Both 33RQ and 37RQ floorplans support our belief that efficiently organized space is vital to total comfort. Comfortable living is further enhanced with a quiet, central air conditioning system which maintains an even temperature throughout the cabin.

Elante is also unsurpassed in storage technology with large exterior roll-out compartments and ingeniously delegated interior space. Every shelf, compartment, cupboard and closet is fashioned with a well-trained knowledge of maximizing working capacity.

Constructed on a heavy-duty, welded steel substructure with interlocking floor, wall and roof joints, the body is strong and durable. Sturdy driver and passenger doors are solidly constructed and come with a unique keyless remote-control door lock system.

We proudly introduce Elante, the elite standard for luxury, comfort and performance in motor homes.

### Special Exterior Features:

- Aerodynamic, wraparound front fascia with full-steel dash and cab substructure features unique automotive-type driver and passenger doors with integrated stepwells. Power windows in these doors are standard.
- A ceiling-ducted central air conditioning system streamlines styling by removing the twin roof-mounted pods commonly used, without compromising interior headroom.
- Smoothly curved one-piece fiberglass sidewalls and crowned one-piece fiberglass roof with exclusive 10 year warranty.
- Winnebago Industries' proven Thermo-Panel® construction, covered by a special 3 yr./36,000 mile limited warranty, features welded aluminum wall and roof structure.
- Available Chevrolet or Ford chassis, with fuel-injected V-8 power.
- Radial tires, stainless steel wheel liners and electronically controlled/heated mirrors are standard.
- Rear fiberglass cap includes electrical and fresh water centers on each side with storage contained in the center compartment. A handy pull-out shower head is included in the water center.
- Extensive exterior storage includes special roll-out compartments. These feature attached lids and slide out on a track for easy access.
- Convenient docking lights are located in front of the rear wheels, and are wired into the back-up light circuit.
- Keychain remote control feature for electric door locks and porch light entry system adds convenience and security.
- 7,000 watt Kohler® quiet generator set.

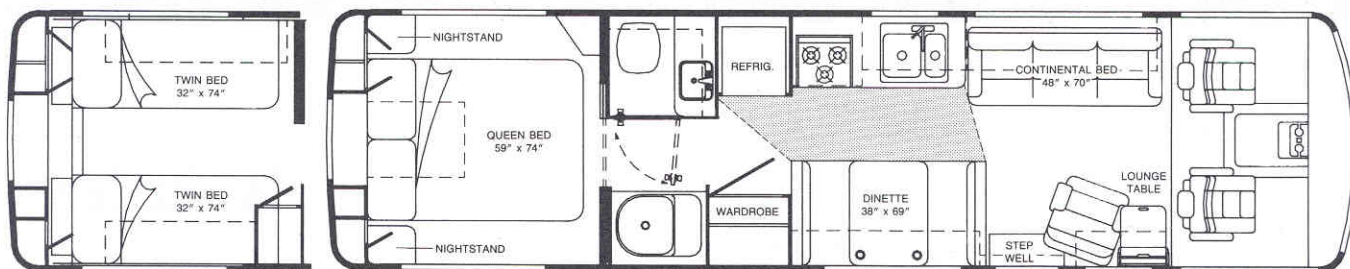

### Special Interior Features:

- The interior decor offers a feeling of luxury, elegance and coordination not commonly found in Elante's price range.
- Leather Flexsteel® driver and passenger seats provide exceptional comfort and style. The passenger seat includes a telescoping swivel pedestal that allows it to be used as additional lounge area seating. This also maximizes floorplan efficiency.
- Standard are an electronic-tune AM/FM/auto-reverse cassette stereo with seek function and four speakers, a remote control color TV, a TV antenna system w/booster, a 110 volt TV inverter and three telephone jacks. A 10 disc CD changer, VCR with switching system, rear view monitor with audio and a CB prep kit are all available options.
- The comfortable Flexsteel® lounge chair includes rocker action. A handy chest of drawers with table lamp is located next to it on the 37RQ. The 33RQ has the same chair with a pull-up table.
- Fluorescent ceiling lighting and handsome oak-doored cabinetry are featured throughout.
- The kitchen includes a full array of luxury features including Avonite® countertop with recessed sink and range, single control faucet, coffeemaker, oak hardwood flooring, water purification system, microwave/convection oven, large recessed refrigerator/freezer and extensive storage.
- A large shower with skylight and glass door, porcelain toilet with sprayer, handy second water pump switch and lots of storage are special bathroom features.
- The bedroom offers Sealy Posturpedic® innerspring mattress luxury, extensive overhead and under-bed storage, including a center overhead cabinet on queen bed models, coordinated bedspread and pillow shams, 9" remote control color TV, and a convenient second generator switch. A deluxe AM/FM auto-reverse cassette stereo with headphone jack, alarm clock and digital display is available in the bedroom.

## FLOOR PLANS & SPECIFICATIONS

33 RQ

Dimensions shown are for sleeping space only and dashed lines denote overhead storage. Shaded area indicates oak hardwood galley floor covering.

37 RQ

**Model 33RQ:** Offers all the necessary features for comfortable touring and relaxing. The passenger seat doubles as a lounge chair next to the pull-up table, and convertible couch and dinette provide plenty of seating and sleeping space. The spacious galley includes an Avonite<sup>®</sup> countertop and recessed sink and range. A unique bath door design allows cross-aisle spaciousness, lavatory privacy or use as a bedroom/bathroom suite. Queen or twin bedroom arrangements, both with rear-mounted storage cabinets and nightstands, are available.

**Model 37RQ:** Has everything needed for luxurious travel. As on the 33RQ, the passenger seat swivels and drops down to also serve as a lounge seat. A storage cabinet, rocker lounge chair and convertible couch complete the comfortable living room. The galley features a seven foot long Avonite<sup>®</sup> countertop. The convertible dinette can be replaced by a table with free-standing chairs and extendible leaf. A cross-aisle bathroom plan, which includes a large wardrobe, maximizes space and flexibility. An island queen or twin bed arrangement can be specified in the bedroom.
