Roomy, efficient interiors are a Winnebago trademark. Appealing decoration, beautifully constructed oak-doored cabinetry, and fine quality fabrics and carpeting featuring Scotchgard™ Protector make Micro Warrior the smart choice.

Upscale Accommodations in a Downscale Size.

Our most popular motor home of 1991 is back and better than ever. The Micro-Mini Warrior® is the

Scotchgard™ is a registered trademark of 3M

Two handsome interior decors are available—Desert Flower (left) or Indian Summer (right).
ideal motor home for the times: compact and maneuverable, efficient and powerful, yet fully equipped for comfort.

Sporting a rugged Toyota chassis with fuel-injected V-6 engine, a full array of standard features and a selection of three popular floorplans, the Micro-Mini excels on the road to Yosemite, a weekend jaunt to a state park, or even a quick trip to the office. All this, yet it's priced below many cars!

Whether you're a first time motor home buyer or a veteran motor home owner, you'll feel right at home in the all-purpose 1992 Winnebago Micro-Mini Warrior.

New interior decor and exterior graphics
With the introduction of the Micro Warrior, Winnebago established industry standards for precision engineering and quality craftsmanship in a compact motor home. For 1992, we're pleased to offer two new decors, each with stylish, attractive appointments. Outside, exciting new graphics make the Micro-Mini look as good as its runs.

New deluxe upgrade package
Enjoy the ultimate in style and comfort with a complete custom package of interior and exterior extras. From deluxe graphics, to cab carpeting to a wide array of interior enhancements, form meets function with this value-added ensemble. See page 6 for a complete listing of package options.

Distinctively Winnebago. Smooth (not ribbed) sidewalls feature Winnebago's tried and true Thermo-Panel® wall and roof construction. Expansive, tinted picture windows welcome sunlight from both sides. Integrated tail and running lights, rear mud flaps and a spacious storage compartment round out the exterior highlights all standard.

No tracking in sand and dust from beaches and campgrounds, thanks to the Micro-Mini's handy exterior shower.

An optional 110-volt generator packs 2500 watts of convenient power, for when electrical hook-up is unavailable.
THE MOST COMPREHENSIVE PEACE OF MIND PACKAGE ANYWHERE.
Included with every 1992 Winnebago motor home. Only from Winnebago Industries.

Preferred Care Program
For the first year of new Winnebago motor home ownership, the Winnebago Industries Preferred Care Program provides exceptional peace of mind through a special 24-hour toll-free roadside service network.

Special Program Features:
• 24-Hour Nationwide Toll-Free Hotline - U.S. and Canada
  Staffed every day of the year by experienced RV service professionals. Includes access to the following services.
• Emergency Road Service - 24-hour dispatched emergency road service and towing. Provided through a network of over 20,000 prequalified service locations, including Winnebago Industries dealers.
• 24-Hour Customer Service Assistance - Preferred Care representatives provide fast, immediate access for technical assistance questions and if needed, to qualified RV warranty service agencies nationwide. Customer service representative helps define service problem, makes service appointment and gives directions to the provider for the owner while he is on the line.
• Special Winnebago Owner Plastic I.D. Card and Service Guide - Card includes owner’s identification and toll-free phone number information. The guide explains the program’s services.

After the first year of ownership has passed, the Preferred Care plan can be extended, through the Winnebago-Itasca Travelers (W.I.T.) Club.

Extended 36 Month/36,000 Mile Structural Warranty
Following the expiration of the standard Winnebago Industries warranty and for the remainder of the period of 36 months or 36,000 miles on the odometer, whichever comes first, Winnebago Industries will warrant the following to the first motor home owner:

1) Sidewall and backwall Thermo-Panel® lamination against delamination. Thermo-Panel® lamination is the bonding of the exterior skin and the interior paneling to an insulating core material.

2) Exterior fiberglass panels used in the construction of the roof, sidewalls and backwall will remain free from surface fiber exposure and will not rust, rot, corrode, or require painting or refinishing (normal pigmentation change excepted) under normal conditions of use.

Customer First Warranty Plan
Also included with every 1992 Winnebago motor home is an impressive package of extended warranty coverage on structural and exterior components. Winnebago Industries’ vehicles lead the industry in structural integrity, which is reflected in their excellent resale value retention over the years.

Standard Warranty Coverage
Every Winnebago motor home is covered by Winnebago Industries’ standard 12 month, 15,000 mile limited warranty. See your dealer for full details.

Additional 10 Year Coverage
As an indication of Winnebago Industries confidence in their products, limited warranty coverage on roof and sidewall surface materials for the period of 10 years from date of purchase, for the first owner only, is included with every 1992 Winnebago motor home.

See your dealer for complete details on the complete Winnebago Industries Customer First Warranty Plan coverage. Vehicles in service for commercial use are not included in the 36 month/36,000 mile and 10 year warranty coverage.
1992 Warrior Floorplans

Model 320RB - Packs plenty of livability into a shorter length by offering a large convertible dinette with choice of storage cabinet or comfortable lounge chair.

Model 321RB - Features an open living area with a convertible couch and a comfortable dinette. Beautiful views can be seen through large picture windows on both sides of the motor home.

Model 321RL - An L-shaped dinette allows for extensive living area with a convertible couch and a convenient swivel lounge chair. This compact design offers it all.

NOTE: Dimensions shown are for sleeping space only and dotted lines denote overhead storage area. Shaded area indicates optional vinyl floor covering.

Winnebago Industries' continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice.
All the conveniences of home are here. Vanity with generous sink, stand-up shower, mirrored medicine cabinet and handy wardrobe closet combine for a deluxe bath on wheels.

Standard equipment designed to meet your standards. Extra roomy overhead bed area sleeps two comfortably. Automotive air, power steering, cruise control, electronic tune AM/FM cassette stereo and fabric-covered bucket seats make driving a sheer delight.

Winnebago's recipe for kitchen convenience: 1 four-burner range, 1 refrigerator/freezer, 1 double stainless steel sink, 1-power range hood. Add generous amount of storage space. The optional oven or microwave make for easy food preparation.
When you buy a Winnebago motor home, you're purchasing more than a great vehicle. You're purchasing a history of craftsmanship.

Winnebago doesn't just assemble motor homes, we are a true manufacturer. Most of our components are designed and built on-site, in the industry's largest manufacturing facility. We produce all of our own structural parts. Fiberglas. Aluminum. And most of our own furniture, including hand-crafted cabinetry.

That's the only way Winnebago builds motor homes. It's why we build them so well.

Only the best parts ever see the inside or outside of a Winnebago. Our comprehensive testing program ensures it, on-site, in the industry's largest testing facility.

Our own half-mile test track, ridden with bumps, chuck holes and cobblestones measures structural soundness. Rain-tunnel high pressure hoses blast vehicles with the force of a thunderstorm. Vibration, rust, chip resistance, weight distribution...the testing goes on and on.

Quality assurance. It's just one reason why Winnebago motor homes retain a higher resale value than any competitive motor homes.

Behind every Winnebago motor home stand Winnebago people: designers, engineers, assemblers, quality inspectors, dealers and hundreds more. Each is an integral part of Team Winnebago. All work together to provide you with the finest motor home you can buy.

For 35 years, quality recreational vehicles have been our business. That long-term commitment continues today.

Pride in our team. Pride in our product. For you, it means pride of ownership.

As a Winnebago owner, you are invited to join the Winnebago-Itasca Travelers (W.I.T.) Club. Enjoy rallies and caravans, receive dollar saving discounts.

To see how the best-built motor homes are created, come to Forest City, Iowa and take the free Winnebago Industries factory tour. You'll preview motor homes on display. Discover how they're constructed. And tour the industry's most impressive manufacturing complex. Best of all, you'll witness first hand the Winnebago Industries commitment to motorhomes.
