# PASSAGE

The large compartment provides accessible storage for the necessities you'll want to take with you. Shelving creates the opportunity for two-tier stowing.

Sensible amenities such as a large oval sink with ledge back, increased counter space, and a mirrored medicine cabinet are just a few of the many features that provide the comforts of home.

The captain and companion seats swivel and slide to make the most of Passage's living space, as well as recline for added comfort while on the road. A few of the cab's standard features include power steering with tilt wheel, cruise control, easy-sliding windows with screens and a handy overhead storage shelf.

As part of our commitment to safety, 3-point seat belts are standard on Passage in 1995.

23RC

The large shower is designed with a flexible shower head. The 23RC model has an available skylight in the shower.

# WE SET A NEW RECORD AT THE BALLGAME. THREE BAGS OF PEANUTS IN TWO INNINGS.

We'll let you in on a little secret: the best seats in the house probably aren't in your house. You need to travel to the places where memories are made. Memories like catching three foul balls in the same game, seeing Mount Rushmore for the first time, reeling in a 14-pound Northern in Canada, or visiting the auto show in Hershey. These are the kind of memories you just can't find at home. They are, however, the kind of memories you can find in the Passage.

Odd as it may sound, Passage lets you get away from it all and get away with it all at the same time. Passage includes every amenity you'll ever need. Overhead cabinetry for binoculars, baseball gloves and jigsaw puzzles. Large picture windows for counting cows and playing sign games. And a fully-equipped kitchen with enough counter space to make a delicious dinner. Unless, of course, you'd prefer to eat at the ballpark.

The beautiful cabinetry nicely complements the with Scotchgard™ lasting quality.

interior decor. Like every Itasca, Passage's fabrics and carpet are treated Brand Soil Repellent for years of easy maintenance and

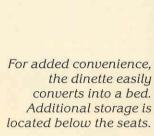

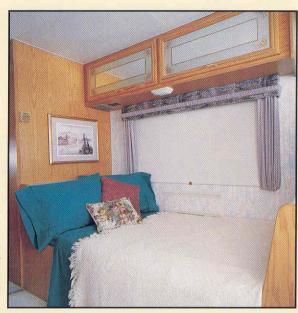

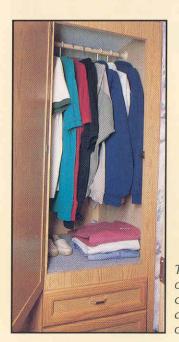

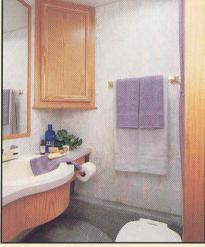

The galley is perfect for creating a complete dinner for the entire family or a midday snack for yourself. Standard features include a stainless steel sink with counter top cover, a range top and a range hood with light and vent. There's also a practical counter top extension for added cooking space.

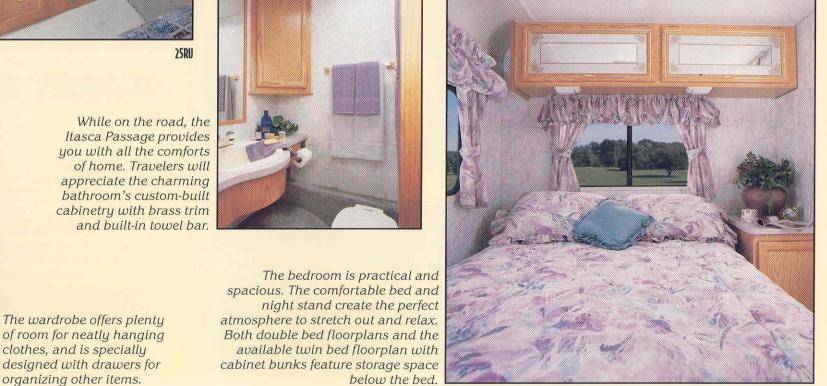

While on the road, the Itasca Passage provides you with all the comforts of home. Travelers will appreciate the charming bathroom's custom-built cabinetry with brass trim and built-in towel bar.

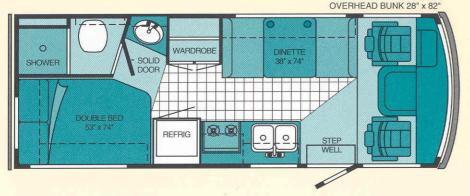

The bedroom is practical and spacious. The comfortable bed and night stand create the perfect atmosphere to stretch out and relax. Both double bed floorplans and the available twin bed floorplan with cabinet bunks feature storage space below the bed.

# HERE'S THE FUN PART.

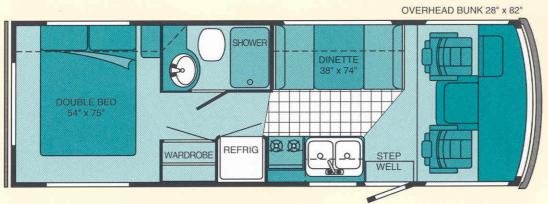

We've talked enough. Now it's your turn. The next two pages show a variety of different Passage floorplans and available features. What model and features fit your lifestyle best? Only you can answer that question.

#### 23RC

The rear bathroom was designed to maximize the living space throughout the Passage. There's plenty of overhead storage and a convenient wardrobe.

#### **25RU**

The walk around double bed makes this floorplan unique. The side facing bed allows plenty of room to move about. The cab seats swivel on all Passage floorplans to become part of the living area.

#### **25RU WITH BUNKS**

The twin bed floorplan on the 25RU is designed with overhead cabinets which easily convert to bunks. This design maximizes storage and sleeping space for added convenience and practicality.

Note: Dimensions shown are for sleeping space only and dashed lines denote overhead storage area.

## DOWN THE ROAD.

source waters of the Mississippi River in Northern Minnesota's Itasca State Park. Itasca, derived from the Latin phrase *Veritas Caput*, means "True Source". Itasca motor homes are the perfect vehicles to carry the Itasca name because they're the "True Source" of fun, adventure and family togetherness.

**FACTORY/DEALER** - Itasca motor homes are built to exacting standards in our Forest City, Iowa, factory; the most advanced RV production facility in the industry. The majority of

components found in Itasca motor homes are manufactured here - from the welded steel cabs and coach floor support structure to the Thermo-Panel® sandwich wall and roof structure. This is one reason why Itasca motor homes have developed a reputation for superior fit and finish. Stop by your nearest dealer and take a look at the the complete line of new Itasca motor homes. Free tours of the factory are available

year round. Please contact your dealer or call Winnebago® Industries at (515) 582-3535 for more information.

warranty/Preferred (are - Down the road, factory support is never far behind. Twenty-four-hour emergency road service pays for towing to a factory authorized dealer at no cost to you. With over 20,000 locations across North America,

PREFERRED CARE

Winnebago,

quality assistance is just a phone call away with our Preferred Care Program. Plus, our warranty program is one of the most comprehensive in the industry, starting with the 12-month or 15,000-mile protection. As if this wasn't enough, a one year membership in the Winnebago Industries Preferred Care Program is

included with every 1995 Itasca motor home. After the first year, membership in the Preferred Care Program can be extended through membership in the WIT club.

Aftiv - Nothing's more important to our designers and engineers than safety. That's why Itasca motor homes are loaded with safety features throughout including 3-point safety belts, a solid steel foundation welded to the chassis, a steel cab, dash and floor substructure, and a windshield mounted in steel.

- If there's ever been a club on the move, this is it. In addition to giving old and new friends the perfect excuse to get together, the Winnebago-Itasca Travelers (WIT) Club provides Winnebago Industries motor home owners with an outstanding magazine and important services like professional trip routing and mail forwarding. For more information on the WIT Club see your Itasca dealer or call (515) 582-6874.

When you join the Winnebago Motorsports Team you'll be right at home at racing events across America. Itasca motor homes are part of the Winnebago Industries family of motor homes that have been designated the Official Motor Homes of and are closely associated with several NHRA drag racing teams. Also, a growing number of NASCAR and NHRA drivers are involved with the Winnebago Motorsports Team. Motorsports members enjoy many benefits including a quarterly newsletter, a racing merchandise catalog and the opportunity to participate in special on-track events at selected races.
