Contrary to what most people believe, you don't have to travel in a big motor home to live large. And when you opt for the efficiency of a compact recreation vehicle, there's no better investment than Rialta. It's built with the same uncompromising standards set for every Winnebago motor home.

Unlike Class B conversion vans, Rialta isn't adapted from another vehicle, so there are no short cuts when it comes to structural integrity. Simply put, Rialta offers the convenience of a motor home along with the maneuverability of a car. At just 22 feet, its compact size enables you to parallel park or drive-thru with confidence. And amazingly, Rialta's turning radius is even shorter than that of a full-size van.

Even if you've never been behind the wheel of a motor home, you'll feel at ease. Rialta's front-wheel drive and automatic transmission make driving a snap. And new for 1997, Rialta is equipped with a Volkswagen-engineered, 2.8 liter VR6 engine for negotiating on-ramps and steep inclines.

These and other advantages add up to an efficient design with a generous interior space you just won't find in a conversion van. Because at Winnebago Industries, we believe in making every leg of your trip as exciting and comfortable as possible.
Bed and breakfast. The well-lit dinette features back-wall table storage for converting the area into a sleeping space. Overhead you’ll find a convenient blanket shelf and an available videocassette player.

Comfort zone. Stow the dining table, fold down the seats and the dinette easily converts to a sleeping area. The bed is even wider this year, thanks to its space-conscious design.

Quick fix. Preparing food is easy with conveniences like a 2-burner range top and an available microwave. A flip-up counter extension and drop-in sink cover add valuable work space.

Redefining reclining. Three reclining positions on the rear captain’s chairs make travel more comfortable. Fold them down to create additional sleeping space.

Model 22RD

First class travel. Redesigned driver and passenger seats in the cab offer additional armrest support. There’s also an available 9” color TV with remote.
Model 22RC (Standard)

Store more. This year, Rialta features redesigned passenger side cabinetry and wardrobe, and a longer double bed. The overhead bedding shelf is perfect for storing linens.

Big benefits. Small package. Rialta packs more power than ever before, thanks to a new Volkswagen VR6 engine. It handles like a car, due in part, to an automatic transmission and front wheel drive. Plus, driver and passenger side air bags are new for 1997.

Sleep on it. The underbed storage area is even larger this year. It's roomy enough to accommodate sports equipment and other bulky items.

Free sky. A skylight helps illuminate the efficient galley, which includes a single-door Norcold refrigerator and available microwave.

Built to suit you. The redesigned double-door wardrobe is larger than ever and has a carpeted floor.

Pack it in. You'll wonder how Class B van owners live without Rialta's generous storage space. The rear sleeping area now includes a redesigned vanity with TV shelf, ample wardrobe and more cabinetry for storing all kinds of provisions.

Mirror on the wall. The unique bathroom contains telescoping walls and a mirrored medicine cabinet with sliding doors. And unlike conversion vans, Rialta is roomy enough to include a sink, lavatory and available shower.
Model 22RC (Optional)

Twice the comfort. The available twin bed floorplan has two shirt closets, a nightstand and additional storage space under the right bed. There's also a removable pedestal table located in the center aisle.

Instant breakfast. A swivel chair and pull-up table create an instant surface for dining or playing cards. A 110/12V plug-in is located near the table on an interior wall.

Experience more with less.

Rialta is the ideal vehicle for getting from here to there, whether you're taking a cross-country road trip or just cruising to the other side of town. Load the baseball team's gear for the season opener. Head off for a day at the golf course. Rialta's versatility makes for an enjoyable trip, whatever the duration. An available air conditioner with vents overhead and on the dash keeps passengers comfortable. You'll also appreciate Rialta's wide seats, easily accessible entrance doors and the non-slip tread strip on the running boards.

Hidden advantage. A convenient new storage area is accessible through the rear cap. The one-piece design also houses a power cord for quick hookups (model 22RC shown).
You'll discover the practical advantages of owning a Rialta as soon as you step inside. It comes with all the elements of a home away from home, including enough space for a family of four, a kitchen and bath. There's even a slide-out bathroom and an available shower. But what really makes the Rialta worth owning are the features you wouldn't expect in a vehicle this size. Like a maximum 6'2" stand-up interior. Wider aisles beside the rear passenger seats. And the superior structural integrity of a unibody steel frame. These are just a few examples of Winnebago Industries' commitment to quality. When it comes to building a solid motor home, we'll go to any length. This time, it happened to be just under 22 feet.

Aerodynamic styling and contemporary graphics add to Rialta's sleek appearance.

Unlike conversion vans, the Rialta comes with a furnace to keep you comfortable on chilly nights.

Energy leaks and gaps in the sidewalls are prevented by foam sheet insulation.

The complete rear floor is made of steel for superior strength, electrocoated and undercoated to resist corrosion.

The complete rear floor is made of steel for superior strength, electrocoated and undercoated to resist corrosion.

Our exclusive interlocking joint system connects the roof and walls for a more durable, better-sealed body.

Appliances are secured with steel tie-downs, an exclusive Winnebago Industries safety feature.

The available exterior wash station with pump switch is perfect for quick cleanups.

The new high mount exterior brake light makes you even more visible to other motorists.

The large back window is equipped with an available wiper/washer and available defogger/defroster to enhance visibility when changing lanes or backing out of driveways.

A rear storage compartment is coupled with the electrical center for easy access. And since the spare tire is now located under the chassis, the area is even roomier.
The welded tubular aluminum framework is stronger and lighter than the wood used on other vehicles this size.

Every unit is pre-wired for an available roof air conditioner.

We've developed Thermo-Panel® sidewall construction which combines light weight, structural integrity and durability.

Rialta's aerodynamic styling and even weight distribution enhances its fuel efficiency.

The low-mounted driver and passenger side mirrors are electronically controlled and heated.

The fuel-fill door is flush-mounted with a locking cap.

Headlights and turn signals are flush-mounted to reduce drag.

Chassis-supplied daytime running lights are standard.

Alarms that detect smoke, LPG leaks and carbon monoxide are standard equipment.

To make sure each unit is watertight, we conduct a water test simulating an intense rainfall.

The easy access entrance enables you to load larger objects with ease.

There's an available leather seat upgrade on the 22RD that includes the cab seats, companion seats and dinette.

There are six radio speakers throughout the cab and coach, and an available CD player.

Low entrance doors and non-slip tread strips on the running boards make getting in and out easier.

The new 140 HP, cast-iron VR6 engine offers improved fuel economy and quieter operation.

The power locks are endurance and corrosion tested and can be electronically operated by way of the cab doors.

### Specifications

#### Exterior
- **Length**: 21'11"
- **Exterior Height w/Roof Air**: 8'6"
- **Exterior Height w/o Roof Air**: 7'5"
- **Exterior Width**: 7'4"
- **Interior Height – Maximum**: 6'2"
- **Interior Height**: 6'10.5"
- **Fuel Capacity**: 21.1 gal.
- **Fresh Water Capacity w/Heater**: 20 gal.
- **Holding Tanks Capacity**: 19 gal.
- **LP Capacity**: 28 lbs.
- **GVWR**: 7,275 lbs.
- **GCWR**: 9,275 lbs.
- **Wheelbase**: 152"

### Automotive
- **Chassis**: Volkswagen – 2.8L fuel-injected gas engine, electronically controlled automatic transmission, 280-amp. battery/50-amp. alternator
- **Springs (air)**: rear auxiliary
- **Tires (radial)**: w/flare
- **Driver Conveniences**:
  - Time delay interior cab lighting
  - 12-V electrical supply/lighter
  - Battery charge control – dull, automatic
  - Beverage tray w/upholsters
  - Cruise control
  - Curtain – front w/grommet
  - Defogger/defroster – rear window
  - Door locks – power
  - Floor mats – rubber
  - Heating/air conditioning – in-dash automotive heater/air conditioner auxiliary rear automotive heater, new rotary controls
  - Auxiliary ceiling fan w/4 outlets
  - Auxiliary ceiling air conditioner w/4 outlets
  - Hood release – interior
  - Exterior mirrors – rear mounted, electronically controlled, heated
  - Start circuit – auxiliary
  - Steering – power assisted
  - Sun visors – mirror & light on right visor
  - Trim panels – driver & passenger doors, includes storage
  - Windows – cab (power)
  - Windshield wipers (intermittent)
  - Wiper/washer – rear window
  - Front Seat Area:
    - Seats (cab): reclining mid-back design, headrests, armrests, lumbar support, swivel/tilt pedestal, 3-point retracting seat belts

### Standard
- **Seats (compartment)**: adjustable reclining back, headrests, converts to a bed (42" x 74"), 3-point retracting seat belts
- **Storage** (below compartment seat): convertible bed cushion storage, additional storage area
- **Swivel chair & pull-up table w/magazine rack**: S
- **110/120V receptacle**: S

### Entertainment
- **Stereo w/cassette (cab)**: deluxe electronic tune AM/FM deck w/auto reverse, seek feature, 6 speakers
- **Stereo w/CD player (cab)**: deluxe electronic tune AM/FM/CD deck w/auto reverse, seek feature, 6 speakers
- **TV (9" color)**: includes a 12-V receptacle, coax input jack and aux/cable switch (requires antenna option)
- **Videocassette player**: requires TV option, uses TV remote
- **TV enhancement package**: antenna (amplified), 1 DC receptacle, 1 interior jack, coax wiring, cable input

### Rear Dining Lounge
- **Convertible dinette/bed (50" x 79")**: S
- **Table (pull-up w/backwall storage)**: S

### Interior
- **Carpeting w/pad**: stain resistant
- **Ceiling**: acoustical fabric headliner
- **Ceiling lights**: S
- **Ceiling vent**: power, galley/bath
- **Ceiling vent**: non-powered, galley/bath
- **Color themes (interior)**: choice of Dover or Lakewood
- **Cupholders (lounge area)**: S
- **SkyLight**: S
- **Wardrobe**: carpeted floor, clothes rod, auto-light S
- **Windows**: tinted w/15% light transmittal S

### Galley
- **Counter extension**: flip-up
- **Microwave prep kit**: S
- **Microwave oven**: S
- **Range top**: 2 burners, recessed w/cooktop
- **Refrigerator**: single door w/door storage, 3-way: AC, DC, LP
- **Sink**: stainless steel, recessed w/countertop cover

### Bedroom
- **Bedding shelf**: S
- **Double bed**: w/power access to storage below, 2 bed pillows w/shams, 3-drawer vanity, shirt closet, double door wardrobe, decorator wall lamps. TV shelf
- **Twin beds**: 20" x 60" storage below right bed, fitted bedspreads, 2 bed pillows w/shams, nightstand, 2 shirt closets, pedestal table, decorator wall lamps

### Bathroom
- **Cabinet**: expandable
- **Healthcare cabinet**: S
- **Shower package**: S

### Safety
- **Appliance restraint system**: S
- **Carbon monoxide detector/alarm**: S
- **Fire extinguisher (10-B:C)**: S
- **Ground fault interrupter**: S
- **Smoke and LP leak detector/alarm**: S
- **Three-point seat belts on forward facing seats**: S
- **Rear passenger side air bags**: S
- **Lap belts in selected areas**: S

*Not all options available in combinations. See dealer for details.*

The height of each model is based on the curb weight of a typically equipped unit on the standard chassis. The actual height of your vehicle may vary by as much as 2" depending on chassis or equipment variations. Winnebago Industries' continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice.
Floorplans

22RD
This model features four captain's chairs up front and a rear dinette. Both convert into generous sleeping spaces.

Note: Dashed lines denote overhead areas.
We admit it—we like to be in control. Which is why we make over 80% of everything that goes into our motor homes. The furniture and cabinetry in Rialta are no exception. Every last stitch and hinge conforms to our rigorous standards of quality. We even conduct a double rub test for upholstery that simulates getting in and out of a seat up to 30,000 times. We also accept only materials that surpass industry wear tests and are treated for stain resistance. Our meticulous efforts add up to a concept called Home Comfort Design. You'll call it incredible.

By carefully choosing everything from fabrics to carpeting, we have greater control over the fit and finish. Because at Winnebago Industries, what's on the outside counts just as much as what's on the inside.

Note: Chair shown is for fabric representation only. This chair style is not available.
Warranty protection.

One of the most important features of a Rialta is something you won't find in the specifications. The peace of mind that comes with knowing you're protected by the most comprehensive warranty in the industry. The coach body of the Rialta is covered by Winnebago Industries' 2-year/24,000-mile warranty. In addition, Volkswagen of America, Inc. covers the chassis/cab for 2 years/24,000 miles and the power train for 5 years/50,000 miles.

Preferred Care Program.

Every new Winnebago Industries motor home comes with a one-year membership in our Preferred Care Program. This 24-hour nationwide assistance plan covers emergency dispatching for road service and towing, equipment service questions, service provider recommendations, service appointments and directions to service locations. This year we added even more free services including jump-starts, tire changing, fuel delivery and lockout assistance.

Winnebago Commercial Vehicles

We build commercial vehicles such as mobile command units for fire and police departments and mobile clinics for hospitals. A variety of models is available and sizes range from 22 to 37 feet. Each vehicle is custom designed.
Winnebago-Itasca
Travelers (WIT) Club.
Socializing is an important
part of motorhoming. And
we don't know a more fun bunch of people than our
WIT Club. There are more than 250 chapters across
the U.S.A. and Canada. Many members enjoy attending
rallies and traveling together in caravans. A highlight
of every summer is the Grand National Rally when
thousands of members meet at our campground in Forest
City. In addition to social activities, WIT Club members
enjoy many special benefits
like professional trip planning,
mail forwarding and discounts.

Motorsports. The Winnebago Motorsports Team puts
racing fans on the inside track of the fastest growing
sport in America. Members are invited to participate
in special Pit Road Events, including driver autograph
sessions, at selected
NASCAR Races
throughout the season.
Benefits also include a
newsletter and special
Motorsports merchandise. At Winnebago Industries,
we've been auto racing fans for years. We're the official
motor homes of NASCAR, and
we're associated with several
NHRA® drag racing teams.

Seat belts are your most important hookup. Always buckle up.
