

## 2001 ULTIMATE FREEDOM

Exactly what is the 2001 Ultimate Freedom? For starters it's the luxury flagship of Winnebago Industries representing the pinnacle of a proud tradition of over 40 years of excellence in design and innovation. Built exclusively on the Ulti-Bay monocoque chassis, Ultimate Freedom offers superior performance, ride and handling. Enter the Ultimate Freedom and you will be amazed at the thoughtful attention to detail and comfort in the ultimate luxury motor coach.

Front to back and top to bottom, the Ultimate Freedom® is loaded with upscale features, premium amenities and a thoughtful, functional design. Things like floorplan flexibility that includes an available computer desk/workstation, an available leather multi-purpose powered lounge chair w/footrest, heat and massage, or an available J-love seat, finely-crafted leather Villa furniture, premium wood cabinetry, available wood blinds, ceramic tile throughout the bath and galley area, and custom designed carpet. However, Ultimate Freedom's greatest luxuries may be in the strength and design you'll find beneath these finishing touches.

With an extendible leaf, the Corian® topped dining table provides an elegant setting for up to four. Highline Villa leather chairs complete the setting.

The cockpit's ergonomic wraparound instrument panel design places controls conveniently at your fingertips for easy accessibility. Finding your way isn't an issue thanks to the available Alpine® GPS/Mapping System, conveniently located within reach of both the driver and passenger.

Relax in the oversized luxury lounge passenger cab seat. The Villa cab seats are made with the finest leather for the ultimate in style and comfort.

A 27" stereo TV, stereo VCR, video selection system, deluxe Bose® sound system and Sony® 10-disc CD changer are all standard Ultimate Freedom features. For additional entertainment options, select the available digital satellite system and DVD player.

40JD

The available externally vented combination washer/dryer features a faster drying cycle and, when not in use, is concealed by solid wood louvered doors.

40JD

The roomy Norcold® four-door refrigerator/freezer with icemaker provides ample storage and cooling capacity. Choose the available basement-mounted auxiliary refrigerator/freezer for even more cold storage.

40JD

The angled galley slideout features fine residential kitchen appointments including a glass-top Seaward® range with sealed burners, an available dishwasher, Corian countertops, new Swanstone® double-bowl solid surface molded sink and beautiful ceramic tile floorcovering. An Everpure® water purification system with convenient separate faucet is also standard.

The open bedroom/bathroom area in the new 40WD floorplan features a garden-style tub/shower with a bronze-tinted glass door, Corian countertops and sinks, a private toilet area and an innovative large walk-in closet with abundant storage.

Relax while watching the 19" color TV or listening to the bedside stereo. The large walk-around queen-size bed features a Serta® innerspring pillow-top Perfect Sleeper™ mattress with custom sewn bedcover and pillow shams. The bedroom is further enhanced by shadow box lambrequin window treatments, beautiful wood cabinetry, wainscoting and decorative wood moldings.

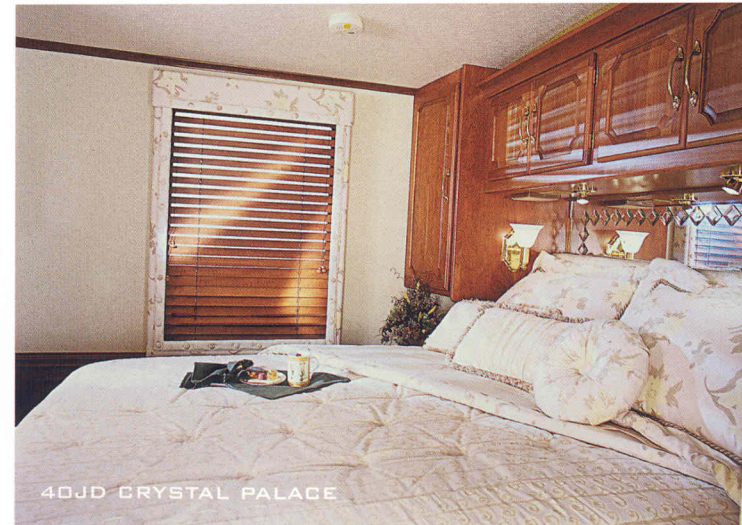

The **ONEPLACE™** Systems Center places frequently checked switches, gauges and controls in a convenient central location so you don't have to move about to check your systems. The **POWERLINE™** Energy Management System oversees 110 volt electrical distribution and automatically cycles key appliances "on and off" during peak energy use to maintain optimum electrical system efficiency and reduce nuisance "tripping" of campground circuit breakers.

## ULTI-BAY™ THE ULTIMATE DIFFERENCE

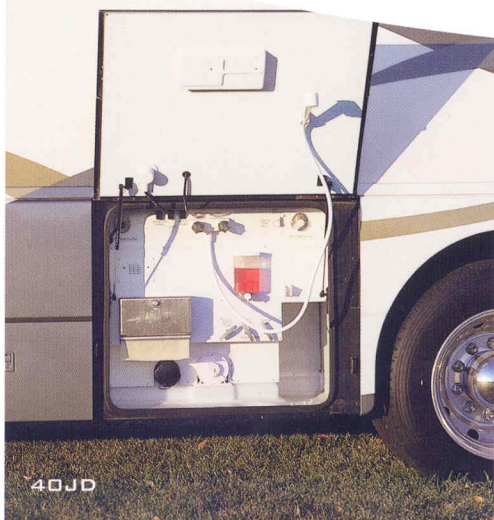

Ultimate Freedom features the Ulti-Bay chassis. A Winnebago Industries exclusive, Ulti-Bay incorporates a Winnebago Industries designed mid-section with front and rear sections supplied by Spartan. The result is a monocoque chassis design that provides superior ride quality and responsive control and features independent front suspension, a wide track stance, a 10,000 pound trailer hitch and a high volume air suspension system along with expansive exterior storage. A nationwide service network offers convenience and peace of mind.

Ulti-Bay eliminates the cumbersome mid chassis rails that impede on storage space allowing the Ultimate Freedom to offer impressive exterior storage. In addition, large components such as the generator, water heater, furnace and holding tanks are integrated into the fore and aft chassis sections creating the largest unobstructed center storage bays, including a cross-coach storage compartment. Storage is further enhanced with the **STOREMORE** Hydraulic Slideout System that enables interior and exterior storage compartments to extend with the slideroom for easy access.

### THE ULTIMATE IN EXTERIOR DESIGN & TECHNOLOGY

Both water and drainage facilities are located in the exterior service center along with a paper towel holder and a soap dispenser for easy clean-up and maintenance. The compartment also includes a secondary monitor panel for a quick tank level check.

Ultimate Freedom provides discerning motor coach owners with design and luxury features that simply cannot be found in competitive products. Features like the StoreMore Hydraulic Slideout System, the OnePlace Systems Center, the Powerline Energy Management System and the Ulti-Bay chassis. Another exclusive is our innovative **TRUEAIR** Residential Central Air Conditioning System. TrueAir provides optimum air distribution throughout the coach and a superior level of cooling comfort. By locating the cooling unit in the basement, roof pods are eliminated creating a more streamlined appearance and lower vehicle profile. TrueAir's location also prevents annoying cooling unit condensation run-off down the side of the coach and provides for quieter operation and easier maintenance. Residential-style filters provide improved air quality over the thin foam pads found on most roof-mounted systems.

## INTERIOR COLOR THEMES

- The height of each model is based on the curb weight of a typically equipped unit on the standard chassis. The actual height of your vehicle may vary by as much as 2" depending on chassis or equipment variations.
- ^ Ultimate Freedom floorplans feature a wide-body design — over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- \* Not all items available in combination. See dealer for details.
- ◇ Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- ∞ Your motor coach's load capacity is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor coach.
- † Electronic suspension air dump feature, actuated through the HWH leveling jacks touch pad.
- S Standard
- O Optional
- \*\* See your dealer for complete warranty documentation information.

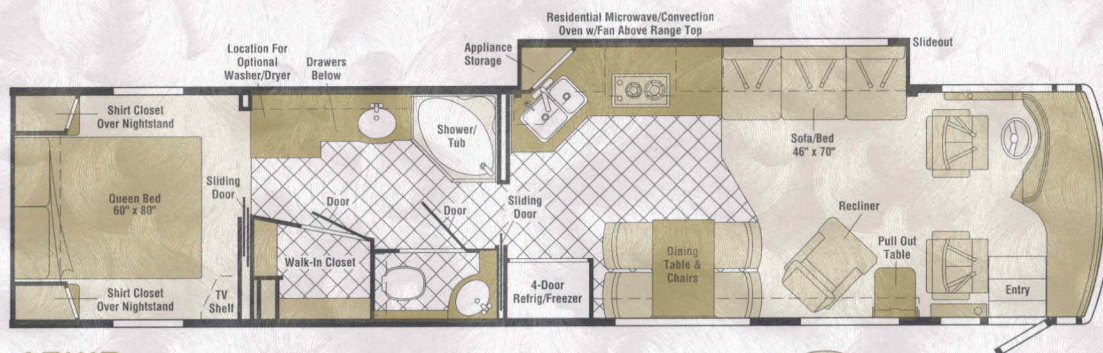

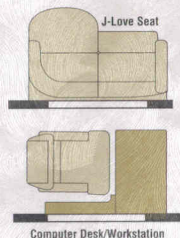

Winnebago Industries' continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available.

## 2001 FLOORPLANS

### 40JD

The StoreMore angled galley/sofa slideout creates a spacious living area which is both roomy and luxurious. The premium Villa furniture is superior in class and comfort, and is available in many configurations such as a leather J-love seat or a computer desk/workstation with a leather multi-purpose lounge chair complete with a powered footrest, massage and heat.

### 40WD

The exciting new 40WD floorplan includes the StoreMore angled galley/sofa slideout for an abundance of living space along with many available furniture configurations. The innovative open bed/bath area includes such amenities as a private toilet area with a separate sink, a garden-style tub/shower and a huge cedar-lined walk-in closet with ceramic tile floorcovering, and plenty of shelving for ample storage.

CERAMIC TILE FLOORCOVERING

Note: Dimensions shown are for sleeping space only and dashed lines denote overhead storage areas.

## READ THIS GUIDE.

To learn more about what separates our motor coaches from others, ask for this free guide next time you visit your Winnebago Industries dealer. It explains our superior manufacturing process. Use it to learn more about important safety and quality considerations as you shop for the motor coach that's best for you.

## WIT CLUB.

Membership in the Winnebago Itasca Travelers (WIT) Club is a great way to meet people and get even more enjoyment from your motor coach.

As an owner of a Winnebago Industries RV, you can join the Club and take advantage of some great services — like professional travel planning and mail forwarding — and participate in some great rallies and caravans. Call 1-800-643-4892 ext. 1 for more information.
