Over the years, you've grown to expect more from an Itasca motor home and the 2002 Itasca Horizon delivers on all counts. Created to meet the needs of today's diesel pusher enthusiasts, Horizon provides refined comfort with innovative, user-friendly features. Things like standard dual slideout rooms, the new RV Radio, TrueAir Residential Central Air Conditioning, and the OnePlace Systems Center, to name a few. Add to that the enhanced performance of a rugged Freightliner chassis and you have a motor home that distinguishes itself as a leader of the diesel pusher pack. Discover the Itasca Horizon and you'll discover the diesel pusher motor home of your dreams.

The 2002 Horizon is designed to provide a real sense of home. Take the galley, for example. In it, you'll find solid surface countertops and a microwave/convection oven that can cook even the fanciest dishes. The Swanstone double-bowl sink accommodates large pots and pans and its solid surface easily wipes clean. The sink also includes a Moent single-control faucet with pull-out sprayer. A separate faucet features an Everpure water purification system.

Whether you're enjoying a relaxing moment, entertaining friends or settling in for an evening with a favorite movie, the Horizon surrounds you in comfort and convenience. Start by expanding your living space with the storage front slide room. It features interior cabinets and exterior storage bays that extend with the slide room so your stowed items are always accessible. The interior cabinets are more than just large and functional. The doors and drawers feature a catalyzed protective topcoat process which gives them a luxurious satin finish typically found in exclusive home cabinetry. The added space can be fully enjoyed as you stretch out on the plush Flexsteel and Stitchcraft furniture, which can be covered in UltraLeather HP for added luxury. Additional upscale features include dual-glazed windows for better thermal efficiency and day/night pleated shades that let you choose your level of privacy.

A variety of dining table options let you make the most of your galley/dining area needs. All floorplans can be equipped with the dinette booth which offers seating for four and also converts into a sleeping area when needed. The dining table with chairs, available in the 34HD, 36D, and 390D models, is designed to comfortably seat two people and can be extended to easily accommodate four. The innovative dining/computer table, available in the 36LD and 390D models, doubles as a dining table and as a convenient workstation for your computer.

This two-cushion banquette, available on the 34HD, 36LD and 390D, provides a cozy spot to relax and comfortable seating for two.

This hoop-based lounge chair is a comfortable swivel recliner with the added bonus of a footrest. Best of all, it can easily be moved to your favorite spot when you're not traveling.
TOTAL CONTROL. It's the feeling you get inside the cockpit of the Horizon. Function controls are strategically positioned for easy operation and include the electronic transmission touch pad and the standard engine exhaust brake control. They're both located on the left side of the driver's trim panel for quick reference. The steering wheel conforms to fit you perfectly with both tilt and telescoping adjustment functions. The dash also includes an electronic compass/thermometer and a rearview monitor with one-way audio for easier backing and maneuvering.

KEEP INFORMED AND ENTERTAINED. Winnebago Industries' engineers worked closely with the radio manufacturer to create the new iRadiO Plus, which is designed specifically for motorhome applications. The RV Radio is a combination AM/FM stereo radio with a cassette and CD player, along with a built-in weather band feature which provides immediate weather updates. The large control knobs and buttons are easy to operate.

SINK INTO THE COMFORT of the high-back driver and passenger cab seats. Both chairs swivel and recline and the adjustable lumber support makes them perfect for a long day on the road. Popular upgrades include UltraLeather HP seat covering, six-way power assist and a passenger seat with a footrest.

THE WELL-PLACED 25'' TV IS JUST THE START of your entertainment options. Whether you want to watch network programming, the available digital satellite system, or videos — it's all here in your Horizon. The experience is further enhanced when you choose the QSurround 5.1 Sound System. It brings movie enjoyment to a level you may never have thought possible in a motor home. As a bonus, a standard 300-watt inverter lets you watch the front or bedroom TV without needing shoreline or generator power.

YOU'LL ENJOY THE ROOMY DESIGN of the bedroom. The rear slideout allows for a large wardrobe and a walk-around queen-size bed with Serta mattress. A 19'' TV lets you catch the news before you go to sleep and a bedside alarm clock gets you going in the morning. A rear stereo is also available.

THE HORIZON IS LOADED with user-friendly conveniences such as the rechargeable flashlight and hand-held vacuum accessory package.

THE BATH AREA MEETS YOUR NEEDS with style. Upscale amenities include solid surface countertops, a private toilet area, and a wall-mounted hair dryer with night-light.

The ONEPLACE Systems Center brings important and frequently used switches, gauges and controls into one central location so you can easily check and operate multiple systems.

Keep your electrical system running smoothly even when operating the central air conditioning on 30 amp shoreline power. The Powerline Energy Management System monitors onboard electrical usage to minimize the nuisance of campground circuit breaker tripping. It controls the operation of postponable electrical loads during periods of heavy usage. As demand is lowered, Powerline automatically restores power to secondary appliances and systems so you can go about your business without worry.

Precision climate control is available in a motor home thanks to Winnebago Industries' exclusive TrueAir Residential Central Air Conditioning. TrueAir utilizes superior cooling technology to supply optimum environmental control throughout the coach. At the heart of the system is a Coleman-Mach cooling unit. It is located in the basement to provide a lower vehicle profile while reducing noise and eliminating condensation runoff. You'll also find this location is much easier to service and provides a lower center of gravity than less advanced roof pod air conditioning units. On cool days, the available heat pump provides heat, minimizing the need to use LP.

THE REST EASY MULTI-POSITION LOUNGE, which is available in the 34HD, 36LD and 39QD, provides unmatched seating flexibility and comfort.

1. It starts as a plush couch with a convenient flip-down center cushion that doubles as a beverage tray with dual-drink holders and a storage area.
2. At the touch of a button, it becomes a relaxing recliner with a pull-out ottoman.
3. Touch the button again and it's a contoured 75'' x 60'' bed.
For many people, the chassis is a mere afterthought when buying a new motor home. But the truth is, the chassis has an incredible impact on your overall RV experience. As the motor home's foundation, it affects the strength and integrity of nearly every component in the RV.

The Itasca Horizon is built exclusively on a Freightliner chassis. Freightliner has a solid reputation for providing top-quality chassis. This reputation is justified when you experience the driving comfort, smooth ride and responsive handling of your Horizon. Top that with a network of over 350 chassis service centers — many open 24 hours a day, 7 days a week — and you have real peace of mind knowing that you have a chassis that delivers outstanding overall performance and durability.

The front slide room of the Horizon incorporates Winnebago Industries' innovative StoreMore Hydraulics Slideout System. StoreMore storage compartments are large, well-lit and designed to accommodate bulky and odd-shaped items. Best of all, they move with the slide room for easy access.

ENJOY ELECTRICAL POWER WHEREVER YOU ARE. Your Horizon comes with a standard LP powered 6,500 watt Onan® Marquis Gold® or 7,500 watt Onan Quiet Diesel® generator.

THE FRESH AIR INTAKE for the engine is positioned high on the sidewall. This not only prevents road dust and grime from entering the engine, it also prolongs filter life and increases engine performance.

THE AIR FILTER AND FLUID LEVEL check points are thoughtfully located for easy service.

DRAINING AIR-LINE SYSTEM CONDENSATION is recommended on all vehicles that utilize air brakes and air suspension. Horizon utilizes automatic system dryers and heated air system drains that incorporate remote lanyard controls that eliminate the need to crawl under the chassis to perform this routine maintenance.

EXTERIOR MIRRORS feature an increased surface area for an expanded viewing range and are strategically positioned to optimize your field of vision.

THE REAR AIR SUSPENSION places the air springs in a wide-track stance just inside the rear wheels. This is more efficient than less advanced multi-bag systems and offers optimum stability and protects the air springs from road debris.

ANTI-LOCK AIR BRAKES are standard on every Horizon. Experience maximum brake feel and control thanks to an anti-lock style foot brake pedal that is mounted solidly to the steel cab deck.

A RUGGED DIESEL ENGINE powers each Horizon for exceptional torque and economy. The 32TD includes a 300 hp ISB 5.9L Cummins® diesel engine. All other models are powered by a 330 hp CFE 7.2L Caterpillar® engine (shown here). Both engines feature advanced electronic controls for superior performance and fuel economy. The standard engine exhaust brake uses the engine to help slow the vehicle to promote longer brake life.
2002 HORIZON FLOORPLANS

NEW
- Dinette/Refrigerator
- Bedroom wardrobe slideout
- Large private bath area
- Available lounge chair w/cabinet

NEW
32TD
- Slideout System

NEW
34HD
- Sofa/ Galley Slideout System
- Bedroom wardrobe slideout
- Split-bath design with private toilet area
- Multi-Position Lounge

NEW

### CAB AREA & DRIVER CONVENIENCES (CONT.)

- **Cabin Lights, Monitor System**: Rearview w/single camera & 1-way audio, Sony Shade light filtering, cab windows, Steering Wheel trim & teaspoon w/power assist, Sunvisors (2), Window (driver) full slider window, dual-glazed, Window passenger) partial slider w/screen, dual-glazed, Windshield Wipers intermittent
- **Cabin Seat**: 8-way power assist (driver)
- **Cabin Seats**: 6-way power assist (driver & passenger)
- **Cabin Seats**: UltraLeather HP® seating surface
- **Cabin Seat**: Passenger seat w/footrest
- **Spotlight**: roof-mounted w/wireless remote

### CABINETRY

- **Woodgrain**: Washed Maple style-and-rail construction w/raised panel inserts on upper doors, square raised panel inserts on lower doors
- **Woodgrain**: Salem Cherry style-and-rail construction w/raised panel inserts on upper doors, square raised panel inserts on lower doors

### COUNTERTOPS

- **Solid Surface galley & bath, Laminate**: w/wood edge, dinette, lounge table & bedroom

### FLOOR COVERING

- **Carpeting**: w/pad, Vinyl Tile galley & bath

### FURNITURE

- **Basquette**: (fabric) w/throw pillows
- **Basquette**: (UltraLeather HP®) w/throw pillows
- **Chair lounge (comp-raise)**: w/magazine rack & cabinet
- **Chair lounge (comp-raise)**: w/magazine rack & cabinet w/table
- **Dining Table & chairs (2)**: free standing, (2) folding
- **Dining/Computer Table & chairs (2)**: free standing, (2) folding (feature pending 39QD)

### INTERIOR

- **Accessory Package**: rechargeable flashlight, rechargeable hand-held vacuum cleaner, Ceiling textured fabric, Curtain front windows, pleated w/wands, Light wall lamp, Lights, ceiling, in-cabin, Lights, fluorescent lights, recessed, gallery, dinette, lounge w/2-way wall switches, Lights, reading, Shades, pleated, day/night, Windows, dual-glazed/thermo-insulated
### Galley
- Coffee maker, Faucet, single-control w/pull-out sprayer
- Moen* Light fluorescent on ceiling & under cabinet
- Microwave/Convection Oven w/3 range fans, residential 30'
- Sharp: Range Hood: Range Cover: flush-mounted, mo-foil (counterpt material)
- Refrigerator/Freezer: large double-door w/ice maker, Norcold®
- Outside Vent: powered ventilator fan
- Sink: double, molded Silestone w/counterpt material
- Wastepaper basket, Water Purification System Everpure®

### Countertop Glass Partition and galley

### Magazine Rack

Range 3-burner w/large oven, glass door w/storage below, recessed sealed burners, Magic Chef®

### Refrigerator/Freezer: 4-door w/cooler, Norcold®

### Spice Rack

### Utility Tray: tip-out

### Wall Border

### Bath
- Cabinet vanity, Cabinet linen, Faucet (single-control)
- Phoenix®: Faucet (shower) single-control w/sliding glass
- Hair Dryer: wall-mounted w/night-light, Light shower, Lights make-up, Radio (FM)
- Vent: power, Shower w/wall surround
- Shower: covered glass, Shower Skyline, Sink oval, Tissue Holder, Toilet porcelain
- Foot pedal flush & sprayer (elaborate bowl)
- Towel Bar, Towel Rack: 3-ren, mounted to door
- Fold-down shower seat
- Hamper: tip-out
- Magazine Rack
- Medicine Cabinet
- Mirror: wall
- Mirror: frameless w/beveled edge
- Robe Hook
- Sink oval, private toilet area
- Towel Ring

### Bedroom
- Alarm clock, Bed: queen, Serta: innerspring w/underbed storage
- Bedspread pillow shams, throw pillow, headboard
- Ceiling, light(s) decorative wall lamp(s), Lights reading, Lights decorative ceiling light w/dimmer, Nightstand(s)
- Powerpoint 12 volt recepacle(s), Wainscoting, Wardrobe: cabinet, carpeted floor, cedar lined, clothes rod, drawers, light
- Mirror: wall
- Roof Vent: nonpowered
- Roof Vent: powered ventilator fan
- Vanity Cabinet w/tip-up counterpt, folding chair, attached mirror

### Exteriors
- Awning slider cover, Awning: patio, entrance door, Awning Rails: w/iron gatun
- Door: entrance w/combination, deadbolt, lock
- Entrance Door Step: single, electric w/des lip switch
- Exterior Lighting: Graceland, Stainless steel
- Exterior Packages: Medium Titanium Nickel, recommended w/Brittany Blue, Crystal Palace or Platinum Or Wild Orchid
- Recommended w/Crystal Palace or Platinum
- Ladder, Lights: fog lamps
- Light porch, light winter switch
- Light under, lights service center compartment
- Light service, side driver, Locking door: engine remote w/width
- Mud Guard full width, Reception AC: depot, Sidewall: Skin 1-piece smooth fiberglass, high-gloss, Storage Compartments: smooth valance panels, trunk liner, gas cylinders, Tri/Mark Key One* System, paddle latch, lights
- Air Horn: roof-mounted, powered
- Awning: patio, entrance door, electric
- Undercoating

### Systems
- Automotive Heater/Air Conditioner, Auxiliary Start Circuit, Batteries (Coach) (2) deep cycle, Battery (Coach), disconnect system, Battery Charge Control automatic dual, True: Central Air Conditioning System
- Drain: 1/2: water tank, Electrical Distribution System AC & DC breaker panels, 50 armo converter/charger, Generator: 5,500 watt, Onan® Marquis 30L, LP Generator Prep Kit, Generator/Stationary Automatic Changeover Switch, Inverter
- DCAC, 500 watt, OnePlace® Systems Center: wall-mount, battery digital voltmeter, Tissue Holder, Toilet porcelain, wires, power cord, shelfline, automatic changeover switch
- Telephone: 3-line, generator: start/stop switch, heating/AC thermostat, holding tank levels, LP tank levels, solar panel/battery charger light, water heater switch, water heater on heat & pilot indicator light, water pump, switch, water tank level, Power Cord 30 amp, PowerLine®
- Energy Management System, Service Center (Drainage)
- Shower: 10: solar panel, Power/wpump switch, paper towel holder, soap, bottle holder, power cord, shelfline, automatic changeover switch, telephone input
- Sewer hose 10, Solar Panel 10 watt, Solar Panel Battery Charger, Wiring Prep, Tank flushing system, black tank only, Tank-holding, heated compartment, Tank I: permanent power
- Central Air Heat Pump
- Furnace: 35,000 BTU, low profile
- Furnace: 40,000 BTU, low profile
- Generator: 7,500 watt, Onan® Quiet Diesel®
- Inverter/Charger: DCAC, 1500 watt w/motor panel
- Power Cord 30 amp Superflex cord

### Warranty
- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile warranty on structure
- 10-year limited parts & labor warranty on roof

### Specifications
- The height of each model is based on the curb weight of a typically equipped unit on the standard chassis. The actual height of your vehicle may vary by as much as 2" depending on chassis or equipment variations.
- Horizon floorplans feature features a body-wide design — over 49". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should consult the road usage laws in the states of interest to you.
- Not all items available in combination. See dealer for details.
- Capacities shown are tank manufacturer's listed water capacity (W.C. Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Replaces 31,850 GCWR Fall 2001.
- Standard
- Optional
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to your vehicle's owner's manual for further towing information. (replaces 5,000 draw bar Fall 2001.)
- See your dealer for complete warranty documentation information.

### Winnebago Industries' continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available.
NOT ALL MOTOR HOMES ARE CREATED EQUAL, and as you take a closer look, you'll see that there is much more to an Itasca Horizon than a long list of standard features and compelling floorplans. Beneath it all, you'll find a SuperStructure foundation of strength and durability.

SUPER STRUCTURE is the term given to Winnebago Industries' structural motor home design and construction. Rather than a single component, it is the culmination of design integration that incorporates steel and aluminum substructures, composite design laminated floor risers, interlocking joint technology and Thermo-Panel® floor, roof and sidewalls to form a high-strength, durable vehicle body.

A STEEL BARRIER separates occupants from the engine compartment. Believe it or not, less advanced designs actually use wood in this critical application.

THE FOUNDATION SUBSTRUCTURE assembly is precision-aligned to maximize longitudinal and cross-coach support, as well as strength and durability.

LAMINATED RISERS feature a welded aluminum core for superior strength and provide a stable base for the floor structure and storage compartments.

INTERLOCKING JOINT CONSTRUCTION utilizes advanced extruded aluminum structural components to create integrated floor-to-sidewall and sidewall-to-roof joints. This design effectively distributes the weight of the walls and roof, making a stronger and more durable body than competitor designs which rely on screws to carry the weight.

STORAGE COMPARTMENTS attach to outrigger assemblies so that the weight of stored items is carried and dispersed throughout the foundation substructure.

WINDSHIELDS ARE MOUNTED IN STEEL with non-hardening sealants for superior strength, safety and durability. Some manufacturers actually use rubber gaskets to hold the windshields to a fiberglass cap.

THE ALL STEEL CAB features integral A and B pillars for added strength and stability.

CRITICAL STEEL COMPONENTS are treated using an advanced electro-deposition coating process that provides superior corrosion protection.

BUILT TO A HIGHER STANDARD. Horizon features a one-piece fiberglass roof backed with a 10-year limited parts and labor warranty. Fiberglass offers superior strength, attractiveness and durability over rubber roofs found in many competitive models. Over time, rubber roofs are susceptible to chalking, streaking, and degradation, and have less puncture and tear resistance than fiberglass.

COMMITTED TO SERVICE. We back our motor homes with the best after the sale service in the industry.

- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile warranty on structure
- Standard 10-year limited parts and labor roof warranty
- Complimentary 24-hour roadside assistance program
- TripSaver emergency warranty parts shipments
- National dealer service network

RECOGNIZED QUALITY. Recreation Vehicle Dealers Association members annually rate RV manufacturers on the quality of their products, sales and service support. Winnebago Industries has achieved the coveted Quality Circle award every year since its inception, the only major motor home manufacturer to do so.

ALL MOTOR HOMES ARE NOT CREATED EQUAL. Learn more about what sets Winnebago Industries apart. Ask your dealer for this guide. It will help you learn what makes Winnebago Industries motor homes distinctly superior to other brands.

WARNING: JOINING WITH HAS BEEN KNOWN TO CAUSE EXCESSIVE FUN. Winnebago-Itasca Travelers (WIT) is a club for owners of Winnebago Industries motor homes. WIT is a great way to meet people and offers you:

- Caravans and rallies
- Local and state group activities
- Benefits for Rvers
