

**Sunstar**<sup>TM</sup>  
2002

**W**innebago Industries is pleased to introduce an alluring new Class C motor home to its Itasca lineup for 2002. The all-new Itasca Sunstar packs plenty of pep into a nimble and spacious Class C motor home. It starts with a proven Volkswagen® chassis that features a powerful yet fuel-efficient 201 hp V6 engine, front-wheel drive, rack and pinion steering, and independent double wishbone suspension for unparalleled driving performance. Inside, you'll be amazed at the innovative use of space that creates large-scale livability that you would only expect to find in a larger motor home.

**Sunstar**  
2002

YOU MIGHT BE SURPRISED AT HOW SPACIOUS A 21' MOTOR HOME CAN BE. With features designed to maximize function and intelligent use of space, Sunstar provides the comfort and convenience of a full-featured motor home. Standard amenities include custom Stitchcraft furniture, Congoleum® vinyl floorcovering in the galley and bath areas for easy clean-ups, and pleated shades for maximum privacy.

KEEP ON TOP OF THINGS. The flush-mounted monitor panel, located in the galley area, allows you to quickly and easily check the status of your onboard systems.

IF YOU TRAVEL WITH FAMILY OR FRIENDS, you'll find the versatility of three comfortable sleeping areas indispensable. Both the dinette and couch convert into beds. The overhead bunk is a comfortable sleeping area making this an excellent RV for a traveling family.

CREATE A SNACK FOR YOURSELF OR DINNER FOR THE FAMILY. Sunstar's galley is fully-equipped with a 3-burner Magic Chef® range with oven, a recessed, stainless steel sink and an available microwave and range top with storage (part of the Deluxe Feature Package only). The cabinetry's functional design takes full advantage of the available space and the large handles make it simple to open and close doors and drawers.

THIS SINGLE-DOOR REFRIGERATOR/FREEZER holds plenty of food and drink for you and your traveling companions. As a bonus, the shelf above it is the perfect location for your television (television not included). It even comes with a 12 volt power receptacle and an antenna/cable connection.

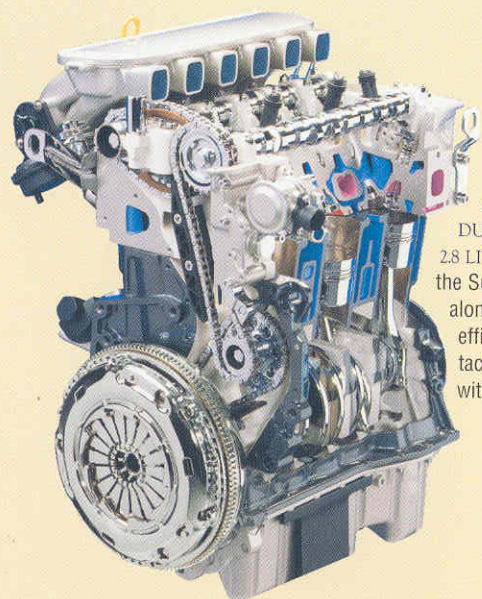

ALL THE COMFORTS OF HOME. The bathroom includes a large shower, molded sink and vanity, and a large wardrobe as well as a residential-height toilet with a convenient foot-pedal flush.

YOU'LL FEEL AT EASE BEHIND THE WHEEL OF A SUNSTAR. Controls are simple to use and are carefully positioned within easy reach of the driver. Plus, you have the security of dual airbags. For your listening pleasure, a Sony® AM/FM cassette player or an available CD player is offered. Additional convenience items include heated windshield washer fluid nozzles, a fresh filtered dash air system and one-touch power cab windows with a pinch-guard feature. When the auto-up feature is active, the windows will retract automatically if resistance is detected.

A 201 HP 24 VALVE, DUAL OVERHEAD CAM, 2.8 LITER V6 ENGINE gives the Sunstar plenty of zip along with great fuel efficiency. You can tackle hills and curves with confidence.

A LOCKABLE GLOVE BOX is located conveniently in the driver's door. The molded compartment fits smartly into the door panel and the easy-open lid locks to keep your property securely tucked away.

FOR YOUR CONVENIENCE, a wireless remote locks and unlocks the cab doors. The ignition key folds into the key chain transmitter to save space and reduce wear on your pants pockets.

#### GREAT VIEW.

The low-mounted exterior mirrors give you an excellent view of the road. They are remote-controlled and include electric defrost for added convenience.

#### DRIVE SAFELY.

The Sunstar features the protection of driver-side and front passenger-side airbags.

#### EASY RIDER.

Front-wheel drive, a powerful 201 hp engine and independent front torsion-bar suspension make the Sunstar highly maneuverable and easy to drive.

#### THE BIG CHILL.

Keep cool on hot summer days with the available 7,100 BTU roof-mounted air conditioning unit. Also available is the 9,500 BTU high-efficiency roof-mounted air conditioner which is part of the Deluxe Feature Package.

#### SO SMOOTH.

Extra suspension is provided by the available, adjustable rear auxiliary air springs.

#### HOT WHEELS.

Sunstar looks sharp with low-profile tires and available 16" polished aluminum wheels.

#### TURN, TURN, TURN.

A tight turning radius and responsive rack and pinion steering give the Sunstar amazing agility.

#### OPEN WIDE.

Cab doors open nearly 90° for easy access.

**LOOK OUT BELOW.** Sunstar contains a surprising amount of pass-through basement storage. You'll be able to carry large items without cluttering the precious interior space.

**KEEP IT OUTSIDE.** Clean up before you enter the motor home at the available exterior wash station. Heated holding tanks are enclosed in the heated basement for multi-season use. Plus, a convenient second water pump switch means you don't have to track dirt inside to turn on the pump.

**TAKE IT WITH YOU.** A standard trailer hitch with a 200 pound tongue weight capacity along with the powerful V6 engine lets you tow up to 2,000 pounds with ease.\*

**MORE POWER.** An available Onan® 2,800 watt MicroLite™ generator provides 110 volt power when shoreline power is unavailable.

- The height of this model is based on the curb weight of a typically equipped unit on the standard chassis. The actual height of your vehicle may vary by as much as 2" depending on chassis or equipment variations.
- <sup>∞</sup> Your motor home's load capacity is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
- <sup>◇</sup> Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- \* Not all items available in combination. See dealer for details.
- + Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to your vehicle's operator's manual for further towing information.

Winnebago Industries' continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available.

**NOT ALL MOTOR HOMES ARE CREATED EQUAL.** and as you take a closer look, you'll see that there is much more to an Itasca Sunstar than a long list of standard features and a compelling floorplan. Beneath it all, you'll find a SuperStructure foundation of strength and durability.

**SUPER  
STRUCTURE**

is the term given to Winnebago Industries' structural motor home design and construction. Rather than a single component, it is the culmination of design integration that incorporates steel and aluminum substructures, composite design laminated floor risers, interlocking joint technology and Thermo-Panel® floor, roof and sidewalls to form a high-strength, durable vehicle body.

#### THE FOUNDATION SUBSTRUCTURE

assembly is precision-aligned to maximize longitudinal and cross-coach support as well as strength and durability.

**LAMINATED RISERS** feature a welded aluminum core for superior strength and provide a stable base for the floor structure and storage compartments.

#### INTERLOCKING JOINT CONSTRUCTION

utilizes advanced aluminum structural components to create an integrated floor-to-sidewall joint. This design effectively distributes the weight of the walls and roof, making a stronger and more durable body than competitor designs which rely on screws to carry the weight.

#### CRITICAL STEEL COMPONENTS

are treated using an advanced electro-deposition coating process that provides superior corrosion protection.

**TRIP Saver**  
Emergency-Shipped Parts

**COMMITTED TO SERVICE.** We back our motor homes with the best service after the sale in the industry.

- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile warranty on structure
- Complimentary 24-hour roadside assistance program
- TripSaver emergency warranty parts shipments
- National dealer service network

**RECOGNIZED QUALITY.** Recreation Vehicle Dealer Association members annually rate RV manufacturers on the quality of their products, and sales and service support. Winnebago Industries has achieved the

coveted Quality Circle award every year since its inception, the only major motor home manufacturer to do so.

#### ALL MOTOR HOMES ARE NOT CREATED EQUAL.

Learn more about what sets Winnebago Industries apart. Ask your dealer for this guide. It will help you learn what makes Winnebago Industries motor homes distinctly superior to other brands.

#### WARNING: JOINING WIT HAS BEEN KNOWN TO CAUSE EXCESSIVE FUN.

Winnebago-Itasca Travelers (WIT) is a club for owners of Winnebago Industries motor homes. WIT is a great way to meet people and offers you:

- Caravans and rallies
- Local and state group activities
- Benefits for RVers
