

2007

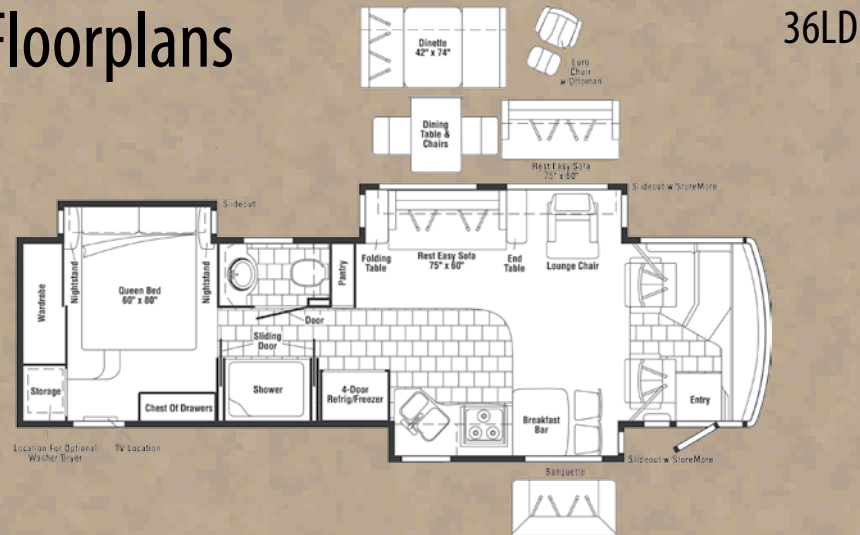

AN EXCEPTIONAL CHOICE IN DIESEL MOTOR HOMES.

Built on the Freightliner® Evolution Chassis®, the 2007 Tour features impressive handling performance and exterior storage capacity. Storage is always a premium in a motor home. That's why we studied the way motor home enthusiasts' use their coaches and created Smart Storage™, a more convenient and functional way to store your gear. Combine plentiful storage, an impressive height of more than 7 feet 2 inches for headroom, opposing flat floors in the living room, the all new 40TD and you have the 2007 Tour, creating an RV experience like no other.

GAWR – Rear (lbs.)	19,000	20,000	20,000	20,000
Wheelbase	228"	267"	267"	267"

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Floorplans feature a wide-body design — over 96 inches. In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96 inches in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR, as well as adequate trailer brakes. Please refer to the chassis operator's manual of your vehicle for further towing information.

Not all items available in combination. See dealer for details. NA — Not Available.
Winnebago Industries' continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available.

Seat belts are your most important hookup. Always buckle up.
