WINNEBAGO™
SPECIALTY VEHICLES

LAS VEGAS
MOTOR SPEEDWAY

The Official Shuttle
of the Las Vegas
Motor Speedway

The all-new Metro Link is your answer.

Metro Link is the result of extensive research and development involving public transport operators and industry experts. Its design and features are specifically tailored to provide a better functioning vehicle with less maintenance and improved durability.

Metro Link's advanced design and construction also provides maximum passenger and driver comfort with the quietest ride you'll find in a mid-size bus. As an added bonus, your operating budget will look better than ever with reduced maintenance needs and key components that are designed for ease of replacement if needed.

Metro LINK®

Fully welded tubular steel framework

Large, frameless, one-piece window assembly available in solid or upper tipout

Steel C-channel reinforcement structure under all seat and wheelchair mounting points

True one-piece fiberglass roof – Eliminates potential water leaks

2" x 4" tubular steel floor structure

Direct body-to-frame mounting brackets for improved strength

High-gloss, fiberglass exterior sidewalls and interior walls

Samples of Customized Floorplans

7 Year / 150,000-Mile Structural Warranty
